

Fire Science Laboratory

Sign-up and Summary Sheet

The goal of this Sign-up and Summary Sheet is to insure all students working in the Fire Science Laboratory have reviewed the [Standard Operating Procedures](#), attended a [Familiarization Tour](#) and reviewed the [Safety Guidelines](#). Also, to insure the student has reviewed either the appropriate Operating Procedures or developed an Experimental Plan for non-typical testing and understands all hazards and precautions to be taken.

Student Name: _____

Project Partners Names:

Advisor name: _____

Experiment Name and Number: _____

Hazards Identified: _____

Precautions to be understood by all involved (Attach experimental plan if non-standard testing):

Date

Cross Check Signature

Date

(must be Professor Nicholas A. Dembsey if advisor is not an FPE Professor.)

I have read and will observe the Fire Science Laboratory Safety Guidelines. For non-typical testing, I will follow the procedures given in my approved Experimental Plan. I have attended a Fire Science Laboratory Familiarization Tour and feel comfortable with my responsibilities in the Fire Science Laboratory. I will ask my advisor, the lab staff or the Faculty Coordinator if I am unsure about anything in the Fire Science Laboratory.
