Section 1 – WPI and IGSD Procedures

INTRODUCTION

Congratulations! You are beginning to prepare for one of the most meaningful experiences that you will encounter while at WPI. In order to insure that you have a successful experience, the *Going Global at WPI Handbook* has been compiled from a number of sources to provide as much practical information as possible that may be applicable to all project sites. The Handbook was prepared to inform the student who has been accepted to participate in the Global Perspective Program during the 2007/08 academic year.

Worcester Polytechnic Institute has been practicing innovative, project-based technological education for over 30 years. WPI requires all undergraduates to complete a series of projects, including one in which they examine how science or technology interacts with societal structures and values - the Interactive Qualifying Project. Because of its commitment to a global perspective, the university offers its students opportunities to complete this unique degree requirement at locations around the world. WPI operates more than ten international project programs where students, with resident faculty advisors, live and work full time solving real-world problems for public and private agencies and organizations. WPI sends more engineering and science students overseas for experiential learning than any other U.S. college or university; during the 2008-2009 academic year, approximately 625 WPI students -- including over half of the junior class -- will travel to a global project site to complete one of these interdisciplinary projects.

A successful off-campus experience does not just occur; it requires careful consideration of things you will need to do before you leave, and while at your off-campus site. The Interdisciplinary and Global Studies Division (IGSD) has developed this document to outline these considerations.

For the mutual protection of WPI, the students, and their families, the obligation assumed by each must be carefully defined and understood. You should recognize the fact that you have entered into a contractual agreement with WPI that states the obligations and responsibilities of both the university and yourself. This Handbook was created as the document that should be read carefully and thoroughly to avoid misunderstandings.

The following text is taken from the NAFSA: Association of International Educators' website. NAFSA is the predominant professional association in the world dealing with international education, and the section of the Association that deals specifically with study abroad currently known as the Education Abroad Knowledge Community. A committee of study abroad professionals (the Interorganizational Task Force on Safety and Responsibility in Study Abroad) developed the following document and is included here for your reference. Please keep in mind that while WPI's off campus program is unique in its structure, the University is committed to uphold the standards of the profession.

Responsible Study Abroad: Good Practices for Health and Safety

Statement of Purpose

Because the health and safety of study abroad participants are primary concerns, these statements of good practice have been developed to provide guidance to institutions, participants (including faculty and staff), and parents/guardians/families. These statements are intended to be aspirational in nature. They address issues that merit attention and thoughtful consideration by everyone involved with study abroad. They are intentionally general; they are not intended to account for all the many variations in study abroad programs and actual health, safety and security cases that will inevitably occur. In dealing with any specific situation, those responsible must also rely upon their collective experience and judgment while considering their specific circumstances.

I. Responsibilities of Program Sponsors

The term "sponsors" refers to all the entities that together develop, offer, and administer study abroad programs. Sponsors include sending institutions, host institutions, program administrators, and placement organizations. To the extent reasonably possible, program sponsors should consider how these statements of good practice may apply. At the same time, it must be noted that the structure of study abroad programs varies widely. Study abroad is usually a cooperative venture that can involve multiple sponsors. Because the role of an organization in a study abroad program may vary considerably from case to case, it is not possible to specify a division of efforts that will be applicable to all cases. Each entity should apply these statements in ways consistent with its respective role.

In general, practices that relate to obtaining health, safety and security information apply to all parties consistent with their role and involvement in the study abroad program. Much of the basic information is readily available and can be conveyed to participants by distributing it and/or by referring them to, or utilizing materials from, recognized central sources. Statements of good practice that refer to the provision of information and the preparation of participants are intended for parties that advise, refer, nominate, admit, enroll, or place students. Statements of good practice that suggest operating procedures on site apply to entities that are directly involved in the operation of the overseas program.

It is understood that program sponsors that rely heavily on the collaboration of overseas institutions may exercise less direct control over specific program components. In such cases, sponsors are urged to work with their overseas partners to develop plans and procedures for implementing good practices.

The use of letters is provided for ease of reference only and does not imply priority.

Program sponsors should:

- A. Conduct periodic assessments of health and safety conditions for their programs, and develop and maintain emergency preparedness processes and a crisis response plan.
- B. Provide health and safety information for prospective participants so that they and their parents/guardians/families can make informed decisions concerning preparation, participation and behavior while on the program.
- C. Provide information concerning aspects of home campus services and conditions that cannot be replicated at overseas locations.

- D. Provide orientation to participants prior to the program and as needed on site, which includes information on safety, health, legal, environmental, political, cultural, and religious conditions in the host country. In addition to dealing with health and safety issues, the orientation should address potential health and safety risks, and appropriate emergency response measures.
- E. Consider health and safety issues in evaluating the appropriateness of an individual's participation in a study abroad program.
- F. Determining criteria for an individual's removal from an overseas program taking into account participant behavior, health, and safety factors.
- G. Require that participants be insured. Either provide health and travel accident (emergency evacuation, repatriation) insurance to participants, or provide information about how to obtain such coverage.
- H. Conduct inquiries regarding the potential health, safety and security risks of the local environment of the program, including program-sponsored accommodation, events, excursions and other activities, prior to the program. Monitor possible changes in country conditions. Provide information about changes and advise participants and their parents/guardians/families as needed.
- I. Hire vendors and contractors (e.g. travel and tour agents) that have provided reputable services in the country in which the program takes place. Advise such vendors and contractors of the program sponsor's expectations with respect to their role in the health and safety of participants.
- J. Conduct appropriate inquiry regarding available medical and professional services. Provide information about these services for participants and their parents/guardians/families, and help participants obtain the services they may need.
- K. Develop and provide health and safety training for program directors and staff, including guidelines with respect to intervention and referral that take into account the nature and location of the study abroad program.
- L. Develop codes of conduct for their programs; communicate codes of conduct and the consequences of noncompliance to participants. Take appropriate action when aware that participants are in violation.
- M. In cases of serious health problems, injury, or other significant health and safety circumstances, maintain good communication among all program sponsors and others who need to know.
- N. In the participant screening process, consider factors such as disciplinary history that may impact on the safety of the individual or the group.
- O. Provide information for participants and their parents/guardians/families regarding when and where the sponsor's responsibility ends and the range of aspects of participants' overseas experiences that are beyond the sponsor's control.

In particular, program sponsors generally:

- A. Cannot guarantee or assure the safety and/or security of participants or eliminate all risks from the study abroad environments.
- B. Cannot monitor or control all of the daily personal decisions, choices, and activities of participants.
- C. Cannot prevent participants from engaging in illegal, dangerous or unwise activities.

- D. Cannot assure that U.S. standards of due process apply in overseas legal proceedings or provide or pay for legal representation for participants.
- E. Cannot assume responsibility for actions or for events that are not part of the program, nor for those that are beyond the control of the sponsor and its subcontractors, or for situations that may arise due to the failure of a participant to disclose pertinent information.
- F. Cannot assure that home-country cultural values and norms will apply in the host country.

II. Responsibilities of Participants

In study abroad, as in other settings, participants can have a major impact on their own health and safety through the decisions they make before and during their program and by their day-to-day choices and behaviors.

Participants should:

- A. Assume responsibility for all the elements necessary for their personal preparation for the program and participate fully in orientations.
- B. Read and carefully consider all materials issued by the sponsor that relate to safety, health, legal, environmental, political, cultural, and religious conditions in the host country(ies).
- C. Conduct their own research on the country(ies) they plan to visit with particular emphasis on health and safety concerns, as well as the social, cultural, and political situations.
- D. Consider their physical and mental health, and other personal circumstances when applying for or accepting a place in a program, and make available to the sponsor accurate and complete physical and mental health information and any other personal data that is necessary in planning for a safe and healthy study abroad experience.
- E. Obtain and maintain appropriate insurance coverage and abide by any conditions imposed by the carriers.
- F. Inform parents/guardians/families and any others who may need to know about their participation in the study abroad program, provide them with emergency contact information, and keep them informed of their whereabouts and activities.
- G. Understand and comply with the terms of participation, codes of conduct, and emergency procedures of the program.
- H. Be aware of local conditions and customs that may present health or safety risks when making daily choices and decisions. Promptly express any health or safety concerns to the program staff or other appropriate individuals before and/or during the program.
- I. Accept responsibility for their own decisions and actions.
- J. Obey host-country laws.
- K. Behave in a manner that is respectful of the rights and well being of others, and encourage others to behave in a similar manner.
- L. Avoid illegal drugs and excessive or irresponsible consumption of alcohol.
- M. Follow the program policies for keeping program staff informed of their whereabouts and well being.

N. Become familiar with the procedures for obtaining emergency health and legal system services in the host country.

III. Recommendations to Parents/Guardians/Families

In study abroad, as in other settings, parents, guardians, and families can play an important role in the health and safety of participants by helping them make decisions and by influencing their behavior overseas.

Parents/guardians/families should:

- A. Be informed about and involved in the decision of the participant to enroll in a particular program.
- B. Obtain and carefully evaluate participant program materials, as well as related health, safety and security information.
- C. Discuss with the participant any of his/her travel plans and activities that may be independent of the study abroad program.
- D. Engage the participant in a thorough discussion of safety and behavior issues, insurance needs, and emergency procedures related to living abroad.
- E. Be responsive to requests from the program sponsor for information regarding the participant.
- F. Keep in touch with the participant.
- G. Be aware that the participant rather than the program may most appropriately provide some information.

MANDATORY PAPERWORK

The following documents must be submitted to the IGSD office by the stated deadline before you leave WPI for your off-campus project experience. If any forms are missing, you will be in jeopardy of not being allowed to participate at off-campus programs.

Paperwork Deadline: All paperwork for London D09 must be in the IGSD office by **February 17, 2009 before 1:00 p.m.**

Participant Statement of Agreement

Once accepted to the Global Perspective Program at WPI, every student is required to submit to the IGSD along with his or her housing deposit a signed and dated "Participant Statement of Agreement". The text of that document is included below for your convenient referral. Of course, you may request a photocopy of your signed "Participant Statement of Agreement" at any time.

I understand that my participation in the WPI Global Perspective Program is subject to my agreement to accept and abide by the following conditions of participation:

A. Financial Responsibility

- 1) I understand that my deposit of \$400 is used to secure my place in the program and will be credited toward my housing cost.
- 2) I understand that charges for any damages to housing, WPI property on site, the property of our host institutions, or project sponsors will be charged to my WPI account. When responsibility for damages to housing cannot be assigned to an individual student, all students in the housing unit will be charged an equal share of the cost. I also realize that an official hold will be placed on my records until all payment responsibilities are satisfied.
- 3) I agree to pay all housing charges as requested. The accounting office normally bills housing costs at program sites at the time of the usual billing for Spring, Fall, and Summer terms.

B. Withdrawal, Cancellation, or Dismissal

- 1) I understand that the \$400 acceptance deposit is fully refundable up to 120 business days before the beginning of the program. Notice of withdrawal must be made in writing to the Interdisciplinary and Global Studies Division. Withdrawals after this time are subject to forfeiture of the entire deposit, plus any unrecoverable portion of the housing costs or other program expenses advanced on my behalf.
- 2) WPI makes every effort to deliver every program offered. However, many circumstances beyond our control could affect the welfare and safety of our participants. WPI, therefore, reserves the right to cancel a program in the event of changes that adversely affect our ability to deliver a quality academic program in which we can reasonably safeguard the health, safety, and well-being of all participants. In the event of cancellation by WPI, all deposits, tuition, and housing costs will be fully refunded.
- 3) Students who are dismissed from a program for any reason will receive no refund of any costs involved and are subject to charges for any unrecoverable housing costs or program expenses advanced on their behalf.

C. Behavioral Responsibilities

- 1) I understand that all policies governing acceptable behavior as printed in The Policies section of *The Campus Planner & Resource Guide* apply to me during my participation at an off-campus program site. Failure to abide by these policies, either before or during my participation in an off-campus program, can result in disciplinary action, up to and including my immediate dismissal from the program. I recognize that the authority for adjudicating alleged violations of the WPI Code of Conduct while at an off-campus program site lies with the on-site WPI representative in accordance with basic due process.
- 2) I further understand that as a WPI student at an off-campus program site, I represent my institution and my country and will behave as an ambassador for both. I understand that grounds for dismissal may also be found in behavior disruptive to the group as a whole, or offensive within the host culture: disruptive sexual behavior, or behavior deemed offensive to the host culture; or disruptive, violent, or destructive behavior in student housing.
- 3) I understand that WPI must take steps to ensure that no offensive, disruptive or potentially dangerous conduct occurs while WPI students and faculty are abroad. Accordingly, WPI reserves the right to dismiss a student from the program on the basis of any observed conduct or behavior which causes WPI concern for the safety and well-being of students or others. The Dean of Interdisciplinary and Global Studies shall have the authority to make the final decision on dismissal from the program.

D. Academic Responsibilities

- 1) I understand that my participation in this program is subject to successful completion of all required preparation classes. I agree to attend all required orientation and re-entry meetings.
- 2) I understand that if I am placed on academic probation, I am no longer eligible to participate. The withdrawal refund policy stated above will apply.
- 3) WPI reserves the right to withdraw acceptance to students who are subsequently placed on academic warning. The withdrawal refund policy stated above will apply.

E. Medical Issues

- 1) I understand that there are certain risks inherent in travel to an off-campus program site and WPI cannot assume responsibility for all of my activities or medical needs. I understand that it is my responsibility to carry medical insurance that is valid at the off-campus site for the length of my stay.
- 2) I accept all financial responsibility for any medical treatment I receive while at the program site and understand that to obtain medical care abroad it is usually necessary to pay when the care is administered and seek reimbursement from my insurance company when I return home.

F. Legal Issues

- 1) I understand that as a non-citizen in a foreign country, I will be subject to the laws of that country. The use or possession of illegal drugs or other substances in violation of the laws of the host country or The Policies section of *The Campus Planner & Resource Guide*, before or during my participation in the program, can result in disciplinary action, up to and including my immediate dismissal from the program and legal action under the laws of the Commonwealth of Massachusetts and / or the laws of the host country.

G. Travel Issues

- 1) I understand that I am responsible for making my own travel arrangements and for arriving at the program site on the designated arrival date and remaining until the official departure date.
- 2) I understand that while WPI encourages students to travel during their free time, the university can take no responsibility for my safety during independent travel. I further understand that I must inform the faculty-in-residence of my travel plans.

H. Federal Compliance Issues

- 1) I understand there are Federal regulations regarding the export of information to foreign countries or foreign citizens, with which all of us at WPI must comply. WPI's emphasis on engineering programs makes us particularly sensitive to these regulations. If I take a laptop computer (or other type of computer digital storage device, I hereby assure WPI that I will not have any restricted information on that device as such action may be considered an export.

I have read, understand, and agree to abide by the above stated conditions of participation.

Travel Information Form (Appendix A)

The IGSD must have completed Travel Form from each student on file before the student leaves for their site. The office keeps a copy of this itinerary and we send a copy with the faculty advisor. By doing this, the IGSD staff, the advisor and the local coordinator knows when and where every student will arrive and will alert them if a problem arises.

Any students traveling outside the United States to a WPI project site must supply the IGSD with a scanned copy of the information pages of their passport. Electronic copies will be sent with the faculty advisor and kept on file in the IGSD. If a passport is stolen or lost while outside the U.S., having copies of this document will greatly facilitate having a new one issued while overseas. Another thing that one can do to facilitate having to process a new passport while overseas is to carry duplicates of passport photos with the passport number written on the back. These photos must be carried securely, yet separate from your passport.

Students should understand that they are responsible for making their own travel arrangements and for arriving at the program site on the designated arrival date and remaining until the official departure date. If you are traveling by air, you must have confirmed reservations. Flying stand-by is not acceptable.

Students and their families should also understand that while WPI encourages students to travel during their free time, the university can take no responsibility for the student's safety during independent travel. The student must inform the faculty-in-residence of any travel plans.

You may not take vacation days off from your project work, even if you have the permission of your project mentor. If you have an urgent family or academic or job related need to travel away from the project site on a project work day, consult with the faculty member in residence before making any travel plans.

Health Update and Records Release Form (Appendix B)

The IGSD must have a completed Health Update and Records Release Form on file for each student before the student leaves for her site. The IGSD keeps a copy and sends a copy with the faculty advisor in case of an emergency. The student should list any medical conditions that could affect the student while off-campus (i.e. epilepsy, diabetes, depressive episodes, etc.) Also, the student must list any changes in their health not noted on medical records on file with WPI Health Services. Medical allergies must be listed, as well as prescription medications.

The IGSD strongly recommends that every student who plans to travel outside of the United States should read closely all information put forward by the Center for Disease Control specific to the geographic area where they will be going. This information is included in this handbook.

When traveling abroad it is a good idea to take a supply of your prescription medications sufficient to last for the entire length of the trip. Prescription medicines should always be kept in the original containers with the prescription label intact to avoid problems with customs officials. It is also important to take along a copy of the prescription from your physician, clearly written, in generic terms, and with an indication of the condition being treated.

Two people need be listed as emergency contacts. These contacts should be people empowered to make a medical or legal decision on behalf of the participant (i.e., parent, guardian, living adult relative). Contact information for each must also be provided to the IGSD on this form: name, relationship, address, phone (home and work), and email.

Students must accept all financial responsibility for any medical treatment received while at the program site and should understand that to obtain medical care abroad, it is usually necessary to pay when the care is administered and they will have to seek reimbursement from their insurance company when they return home.

Participants and their families should understand that there are certain risks inherent in travel to an off-campus program site and WPI cannot assume responsibility for every activity or medical need. It is the student's responsibility to carry medical insurance that is valid at the off-campus site for the length of the stay. Students must accept all financial responsibility for any medical treatment received while at the program site. Students should understand that to obtain medical care abroad, it is usually necessary to pay when the care is administered and they will have to seek reimbursement from their insurance company when they return home.

All students traveling off-campus to participate in a WPI program are required to carry medical insurance that is valid at the program site for the entire length of the program. The IGSD must have the name of your insurance provider and your subscription number. It is the responsibility of the student to make sure that they are covered for the entire length of the program while they are off-campus.

Voluntary Acknowledgement Form

All participants are required to sign a Voluntary Acknowledgement Form that is kept on file in the IGSD. The text of the form is below for your convenient referral. We hope that by asking participants to read and sign such a form that we remind them of the nature of their participation and the responsibilities which are assumed by the individuals.

ACKNOWLEDGEMENT and RELEASE

I acknowledge that I am voluntarily participating in the _____ (the "Program"), which is being offered by Worcester Polytechnic Institute (WPI). I further acknowledge that WPI has provided me with adequate information about the Program, both verbally and through written materials, and that I have read and understand such information. I agree to comply with any immunization or medical treatment necessary to participate in this program. I also acknowledge that any laptop computer (or other form of computer or digital storage device) that I may take abroad cannot contain any restricted information as such action may be considered an export subject to Federal control and regulation.

Assumption of Risk and Release of Claims. Knowing the risks described, and in consideration of being permitted to participate in the Program, I agree, on behalf of my family, heirs, and personal representative(s), to assume all the risks and responsibilities surrounding my participation in the Program. To the maximum extent permitted by law, I release and indemnify Worcester Polytechnic Institute, and its officers, employees and agents, from and against any present or future claim, loss or liability for injury to person or property which I may suffer, or for which I may be liable to any other person, during my participation in the Program (including periods in transit to or from any site in country where the Program is being conducted).

I HAVE CAREFULLY READ THIS AGREEMENT AND FULLY UNDERSTAND ITS CONTENTS.

Participant Signature

date

Printed Name

date of birth*

*If participant is under 18 years of age, both parents and/or legal guardians must also read and sign this form.

I am the parent or legal guardian of the above Participant, have read the foregoing Acknowledgement and Release Form (including such parts as may subject me to personal financial responsibility), and will be legally responsible for the obligations and acts of the Participant as described in this Acknowledgement and Release Form, and agree, for myself and for the Participant, to be bound by its terms.

X

Signature of Parent / Guardian

Date

X

Signature of Parent / Guardian

Scan of Passport

You are required to bring your passport to the IGSD office so that staff can scan a copy of the face and information pages. IGSD keeps this on file.

ATC Laptop Form (Appendix C)

WPI will provide one laptop per team if you request it. You do not have to use a WPI laptop – you are welcome to take your own. If you do, however choose to sign out a WPI laptop, you will need to complete the form and turn it in to the IGSD with the rest of your mandatory paperwork.

International Student Identity Cards (ISIC)

All WPI students completing course requirements abroad are required to get the ISIC. As you have been charged the \$24.00 cost of the card, it makes the most sense to get yours from the IGSD. If you choose to purchase a card elsewhere you will forfeit the \$24.00. In some countries, the student discount network is highly developed, and an ISIC will entitle students to reduced entrance fees at museums and theaters, special rail or bus passes, and even discounts at hotels and shops. While it cannot be guaranteed that you'll get discounts wherever you go, the ISIC is the most accepted card for international access to all student discounts that are available.

With the ISIC, you gain access to a 24-hour, toll free help line that can provide aid in the case of a medical, financial or legal emergency while abroad. You can call the ISIC Help Line from the United States at (877-370-4742). Outside of the United States, call collect 715-342-4104. The call is free, but be prepared to provide your card number to the ISIC Help Line.

The most important reason for the ISIC requirement is the additional insurance coverage that you get. The ISIC provides a basic sickness and accident insurance policy to students while traveling outside the United States. ISICs also provide students with emergency evacuation insurance, if due to injury or sickness, a legally licensed physician certifies the severity of your condition is such that you must be evacuated for medical treatment. In addition, cardholders are eligible to have expenses covered for the repatriation of remains in the unlikely event of death while abroad. (For more specific coverage information, contact American Home Assurance Company 70 Pine St. New York, New York 10270).

Again, the cost of this card is built into the expenses associated with going off-campus and does not require additional fees to be charged to the student. However, students must supply the IGSD with two photos in order to process the card. These photos can be taken at the IGSD Office.

You are required to come to the IGSD, located in the Project Center, to fill out an application form for the ISIC and turn in your photos (extra passport photos will suffice as well, but please keep in mind the need to carry two other passport photos with you when traveling). IGSD staff will process your card, which will be given to you when all mandatory paperwork mentioned previously has been completed and turned in to the IGSD. If you need the number from your ISIC to book your flight, a photocopy of your card can be provided to you at your request. For more specific information about discounts, go to www.isic.org.

WPI POLICIES AND SERVICES FOR STUDENTS AT OFF-CAMPUS SITES

Informal Hearing Procedure at Off-Campus Residential Program Sites

Students at off-campus residential program sites accused of violating the WPI code of conduct or any other WPI policy as outlined in the annual Campus Planner shall be accorded an informal on-site hearing before a WPI representative designated by the dean of Interdisciplinary and Global Studies Division. The following guidelines will be applicable.

- (a) Students will be informed of the complaint pending and the time, date and location of the informal hearing, in writing, at least two (2) days prior to the hearing. This notice should include a full description of the incident, names of witnesses, if any, and a reference to the section(s) of the campus code allegedly violated.
- (b) The informal hearing shall be conversational in nature and non adversarial.
- (c) Before the hearing, the student shall be given the opportunity to consult with an on-site advisor of their choice or a member of the WPI community.
- (d) During the hearing, the WPI representative shall elaborate on the nature of the complaint and present any evidence or witnesses in support of that complaint.
- (e) The accused student shall have an opportunity to respond to the complaint and present any evidence or witnesses in response to the complaint.
- (f) The WPI representative will make a determination of the student's responsibility for the complaint based on the outcome of the informal hearing.
- (g) If the student is found responsible, the WPI representative must contact the dean of students or her/his designee to review the student's past record, if any, before a sanction is determined. The WPI representative must then consult with the Dean of Students Office and the Director of global operations in Interdisciplinary and Global Studies Division to determine an appropriate sanction for the offense.
- (h) All decisions shall be final and not subject to appeal on site. The decision may be appealed to the Dean of Interdisciplinary Studies Division once the student has returned to the WPI campus. Appeals may be submitted in writing to the Dean of Interdisciplinary Studies Division within five (5) days of the start of classes of the term following the off campus project experience. The appeal must be specific and contain a full description of the basis for the appeal. A given case may be appealed only once. Grounds for an appeal must be based on one or more of the following criteria:
 - a. Failure to follow the procedures outlined in the Campus Planner and Resource Guide;
 - b. Inappropriate gravity of the sanction in relationship to the offense;
 - c. That no reasonable person could conclude, on the basis of the evidence presented, that the accused was responsible.

The appeal will not be reviewed until after the start of the term following the off campus project experience when all parties involved have returned to the WPI campus.

- (i) If the on-site WPI representative determines that continued presence at the project center by the student would constitute a danger to the safety of persons or property on the premises of the project center, a recommendation for interim suspension may be made to the vice president for student affairs.

Note: WPI's Academic Honesty Policy and the procedures described therein also apply to the off campus residential programs. The WPI representative must communicate with the dean of Interdisciplinary and Global Studies Division and Student Life Office before taking action.

WPI Housing

If you live in a WPI residence hall, it is your responsibility to notify Residential Services of your intended absence.

Mail Services

All students going off-campus must go to Central Mail to fill out the appropriate card to have their mailboxes closed and their mail forwarded. Failure to do so will result in mail staying in the student's mailbox for the entire term. All students must now be responsible for their own mailbox and mail by signing a forwarding card at Central Mail.

Protocol for PCs for Off-Campus Project Centers

Students who participate in the Global Perspective Program are offered the opportunity to borrow lap top personal computers from WPI. This is not an entitlement to students, but rather a privilege extended to students. It is expected that the following protocol will be followed and the proper responsibility will be assumed by the students taking advantage of this opportunity. WPI does not have an unlimited supply of laptop computers to loan to students. If student teams are unable or unwilling to comply with the dates specified by the Academic Technology Center (ATC), the ATC reserves the right to refuse to accommodate that request. One PC per project team for each site as available:

After you have turned in the completed ATC Laptop form to the IGSD, at least one member of your group (although we suggest the entire group so that everyone takes equal responsibility for the equipment) is required to go to the ATC and reserve a laptop BEFORE pick-up on the specified date.

Procedure

1. Each team will fill out an ATC Team Form (Appendix C). Kelly Donahue (from the IGSD) will send approved names to ATC. Every team member must meet all IGSD paperwork deadlines before names are sent to the ATC.
2. Person(s) responsible for PC will be required to register at the ATC and sign a statement accepting responsibility for the PC.
3. Person(s) responsible for PC should have the tightest travel schedule. Arrangements can be made for one person to pick up the PC and another member of the team to return the PC but, BOTH people must register when the reservation is made with the ATC.
4. It is strongly recommended that everyone in the group sign the ATC's reservation form. The ATC will hold only signing parties financially responsible for damage beyond normal wear and tear and/or any fees incurred.

Reservations

1. Make your reservation early for your PC. You must go to the ATC to make your reservation with your WPI ID card. At the time of reservation you must be specific about the dates and times of pick-up and return of the equipment and about your hardware requirements. Be as specific as possible about what you will be using the PC for: (e.g. word processing, spreadsheets, data analysis, etc.) PCs are reserved on a first-come, first-served basis. Avoid last minute changes as they may not be able to be accommodated.
2. If two people are responsible (one for pick up, one for return) BOTH must go to the ATC to register before leaving campus. If arrangements have been made for a faculty member to return the PC, then the faculty member must send confirming email to Mary Beth Harrity (mharrity@wpi.edu) before the PC will be released.

3. Modems, ethernet cards and other miscellaneous hardware are in limited supply and must be requested at the time the reservation for the PC is made.
4. Upon request, the ATC can provide external floppy and/or zip drives that can be attached to the laptop.
5. Pick-up and return deadlines will be strictly enforced. If the laptop computer is not returned to the ATC on the agreed upon date, your group will be charged a \$50 per business day late fee.

Software

1. All PCs will be loaded with Windows, MS Office, Explorer and communications software. The ATC does not provide or load software other than this.
2. If students load their own software it must be removed prior to returning the PC to the ATC.
3. If you significantly alter the original configuration of the laptop (e.g. install a different operating system), your group will be charged a \$50 software re-installation fee.

Picking up the PC

1. You must have your WPI ID card in order to pick up the PC assigned to you.

Acceptable Use Policy Regarding Computers (WPI laptops, sponsor PC's, internet use)

At a minimum, you must adhere to the WPI Acceptable Use Policy (<http://www.WPI.EDU/Pubs/Policies/>) whether using WPI computer resources or your housing provider or sponsor's resources. Your housing provider or sponsor may have more restrictive computer and web use policies and those must be followed. It is your responsibility to determine what your housing provider or sponsor's policy is and to comply with it. Using a housing provider or sponsor's network(s) or computer(s) for recreational use (defined as non-project related use – on or off the web) is not permitted. Violators will be subject to disciplinary actions.

General Policies and Important Things to Remember

- There can be *no overnight guests* in any accommodations acquired and provided by WPI for use by the Project Center students.
- Charges for any damages to housing, WPI property on site, the property of our host institutions, or project sponsors will be charged to your WPI account. When responsibility for damages to housing cannot be assigned to an individual student, all students in the housing unit will be charged an equal share of the cost. An official hold will be placed on all records until all payment responsibilities are satisfied.
- If you are dismissed from a program for any reason, you will not receive a refund of any costs involved and will be subject to charges for any unrecoverable housing costs or program expenses advanced on your behalf.
- All policies governing acceptable behavior as printed in The Policies section of *The Campus Planner & Resource Guide* apply to participants at an off-campus program site. The authority for adjudicating alleged violations of the WPI Code of Conduct while at an off-campus program site lies with the on-site WPI representative in accordance with basic due process.
- You must always keep the resident faculty advisors informed of your whereabouts. If you plan to travel during the term, you must give your advisor a written itinerary.
- **The IGSD will notify your parents if you fail to return from a weekend excursion at the predetermined time. If you are delayed you MUST contact your resident faculty advisor to inform them that you are safe.**
- As a WPI student at an off-campus program site, you represent your institution and your country and will behave as an ambassador for both. Grounds for dismissal may also be found in behavior disruptive to the group as a whole, or offensive within the host culture: disruptive sexual behavior, or behavior deemed offensive to the host culture; or disruptive, violent, or destructive behavior in student housing.
- You may not take vacation days off from your project work, even if you have the permission of your project mentor. If you have an urgent family or academic or job related need to travel away from the project site on a project work day, consult with the faculty member in residence before making any travel plans.

Violations of any of these policies can result in disciplinary action up to and including immediate dismissal from the program.

What can you expect to pay “out of pocket” toward your IQP while off-campus?

Current WPI policy states that students are expected to contribute \$25 per person per 1/3 unit of IQP work toward any out of pocket expenses encountered. This means that each student is expected to pay \$75.00 towards the completion of the IQP before asking for reimbursement of any kind. If you have a project team of 4 students, then the total contribution before being reimbursed is \$300. If you anticipate that your expenses will exceed this expectation, then you must submit a budget for your project. The on-site faculty advisor and Center Director must approve this budget prior to submission of any expenses to the IGSD. (Commuting costs are not reimbursable.)

TRAVEL DOCUMENTS AND COMPETENCIES

Passports

Who needs a passport?

A U.S. citizen needs a passport to depart or enter the United States and to depart and enter most foreign countries. U.S. Immigration requires you to prove your U.S. citizenship and identity when you reenter the United States.

If you are not a U.S citizen, contact the embassy or consulate of the country you are planning to travel to, as well as the U.S. Embassy in order to receive specific entry instructions. International students should consult with Mr. Tom Thomsen, Director of the International Students and Scholars Office, about these issues. His contact information is listed under the heading WPI Offices.

Beware of a passport that is about to expire. Certain countries will not permit you to enter and will not place a visa in your passport if the passport is valid for less 6 months. If your passport is expiring in less than the 6 months, you will need to get a new one. If you return to the United States with an expired passport, you are subject to a passport waiver fee of \$100, payable to U.S. Immigration at the port of entry.

It is your responsibility to acquire your passport. The IGSD does not administer this process for students.

How to get your passport

1. Go to Prime Color Photo located at 1094 Pleasant Street to have your passport photos taken. Show your WPI ID to get the special rate. You can also get passport photos taken at the U.S. Post Office, or other local stores such as CVS.
2. Pick up a passport application form from the U.S. Post Office, Prime Color Photo or download from: http://travel.state.gov/passport/passport_1738.html
3. Turn in all required documentation to the nearest federal post office with the appropriate fee.

For Immediate Release

April 2, 2002

**STATEMENT BY PHILIP T. REEKER, DEPUTY SPOKESMAN
U.S. Passports Will No Longer be Issued Abroad**

All passports, except those required for urgent travel, will be issued in the United States using the new more secure photo-digitized imaging system.

Effective April 8, 2002, American citizens residing or traveling abroad, who require issuance of a U.S. passport, will be issued the latest, state-of-the-art passport. It incorporates a digitized image with other enhanced security features. Because this technology is not available at U.S. embassies and consulates, overseas passport issuance is being transferred to the National Passport Processing Center in Portsmouth, New Hampshire.

Travel documents in the post-September 11 world have become even more important. The new passport has many features that make it one of the most secure travel documents produced anywhere in the world. Getting these more secure passports into circulation will help minimize the misuse of American passports by criminals, terrorists, and others.

This new procedure will increase processing time at U.S. embassies and consulates, but the Department is committed to ensuring that American citizens receive secure documents in a timely manner. American citizens overseas are encouraged to apply early for renewal of expiring passports.

U.S. embassies and consulates will continue to issue passports that are needed for urgent travel. However, such passports will be limited in validity, and cannot be extended. Bearers will be required to exchange, at no additional cost, their limited-validity passport for a full-validity digitized passport upon completion of their urgent travel.

Information on applying for a U.S. passport, passport application forms and requirements, and other travel-related information can be accessed through the Department of State's web site at: <http://travel.state.gov>.

Visas

A visa is an endorsement or stamp placed in your passport by a foreign government that permits you to visit that country for a specified purpose and a limited time. You should obtain all necessary visas before you leave the United States, because you will not be able to obtain visas for some countries once you have departed. Apply directly to the embassy or nearest consulate of each country you plan to visit. Passport agencies *cannot* help you obtain visas.

If you are doing your project in Thailand or Namibia, your faculty advisors and the IGSD will help you obtain your non-immigrant visas. In order to take advantage of this, you must be prepared to give the IGSD your passport, a completed visa application (available in the IGSD office) and a passport picture, by the date that your advisors determine. The IGSD will send all documentation with one cover letter to the appropriate embassy to expedite the visa process for your group. The single entry visa fee of has been built into your housing charge.

If you are not a U.S. citizen, it is your responsibility to determine what other documentation you will need to file to obtain your visa.

How to Take Money

You should take a sufficient amount of living/spending money with you. The IGSD recommends the following modes of carrying money.

Travelers Checks

Rather than carrying large amounts of cash, it is always safer to take most of your money in travelers' checks. Remember to record the serial number, denomination, and the date and location of the issuing bank or agency. Keep this information in a safe and separate place. In case your checks are lost or stolen, you can get replacements quickly with this information.

Credit Cards

Some credit cards can be used worldwide, even for cash advances. However, be sure to monitor your charges carefully, so as not to exceed your limit -- do not forget to account for the exchange rate! Leave all unnecessary cards at home. Record the numbers and expiration dates for the cards you take in a separate place. Always report the loss or theft of your credit cards immediately to the issuing companies and notify the local police.

ATM info:

Making withdrawals from an ATM is generally considered to be the easiest and least expensive way of accessing money while abroad. The biggest advantage is that regardless of the size of your withdrawal, you will receive the wholesale exchange rate which banks use. ATM networks like the Global ATM Alliance, Cirrus and PLUS are used widely around the globe, although you should be sure to verify that your network operates in the country to which you're going. The following websites provide links to ATM locator services for each network:

<http://www.mastercard.com/us/personal/en/cardholderservices/atmlocations/index.html>

<http://visa.via.infonow.net/locator/global/jsp/SearchPage.jsp>

http://www.scotiabank.com/cda/content/0,1608,CID8040_LIDen,00.html

Before you leave, you should contact your bank to let them know where you will be and for how long. Many banks view activity such as withdrawals in another country as an alert to possible fraudulent activity on your account. Telling them ahead of time, may prevent your accounts from being frozen -- a massive inconvenience when you're abroad.

Things to consider when using ATMS abroad include the following:

1. Be sure you know the numeric equivalent of your PIN if it contains letters as well as numbers. ATMs abroad may only provide numbers.
2. Some ATMs (especially in Europe) do not accept PINs longer than 4 numbers. You may wish to contact your bank to change your PIN if it is longer than four digits.

There are of course fees associated with using most ATMs, and some of these can be significantly higher than the fees you are used to paying the U.S. You should check with your bank (be sure to ask if they assess extra fees for international ATM use), and plan for these extra expenses in your budget.

Finally, be sure to keep your ATM card and your money in a safe place. When withdrawing cash from an ATM be sure to do so in a well lighted, safe location so that you decrease your profile as a potential target for theft.

Source: www.independenttraveler.com

Foreign Currency

Before departing, it is recommended that you purchase some foreign currency to use for buses, taxis, food, phones or tips when you first arrive. You can purchase several currencies at the airport, but be advised that they only carry major currencies and that exchange windows may be closed depending upon your time of departure. You may be able to purchase foreign currency at one of your local banks. Do not change all of the money you plan to take while still in the U.S. The exchange rate is always better in the host country.

Section 2 - Health & Safety

AVOIDING TRAVEL RISKS

Prepared By:
William L. Granahan CIC,LIA,CMC, Senior Consultant
J.H. Albert International Insurance Advisors, Inc.
Two Chestnut Place
72 River Park
Needham Heights, MA 02494-2631

Planning and Preparing:

Do not display provocative luggage tags, overly patriotic displays or any other indications that you are from the United States;

Do not pack anything that could be construed as a weapon, including knives, nail files, razors or other sharp instruments;

Arrive at the airport at least three hours in advance of your flight.

Air and Ground Travel:

Dress casual and look like a traveler; do not dress like a “flamboyant” US patriot;

Spend little time in foreign airports or public transportation areas that carry a high risk of or invite terrorist attacks;

Avoid air, rail and local ground carriers from countries where terrorist groups are based or have grievances;

Avoid flights or trains with intermediate stops, especially stops in hostile countries, which would allow terrorists to board;

In the Country;

Avoid countries, areas of countries and regions, even for leisure travel on weekends, that are hostile or likely to be hostile to Americans;

Study and understand the customs and political environment of the country(s) you are visiting;

Be prudent in your choice of eating and drinking establishments;

Avoid political discussions, confrontation and arguments;

Do not reveal personal information to casual acquaintances;

Beware of overly friendly or flirtatious persons;

Always travel in groups of two or more people;

Should you find yourself present during a coup, uprising or riot, remain in a safe harbor, such as your hotel or residence, that is not apt to be a military target;

Carry the phone number and address of the American Embassy and local police – and a cell phone if possible;

Return to your apartment or living quarters at a reasonable, early hour every night.

Safety Tips from the U.S. Department of State

Crime in many parts of the world seems to be increasing.

Visitors should take common sense precautions:

- Safety begins when you pack. Leave expensive jewelry behind. Dress conservatively; a flashy wardrobe or one that is too casual can mark you as a tourist. Use travelers' checks, not cash. Leave photocopies of your passport personal information page and your airline tickets with someone at home and carry an extra set with you.
- Use a money belt or a concealed money pouch for passports, cash and other valuables.
- In a car, keep doors locked, windows rolled up and valuables out of sight. A common trick is for a thief to reach through a car window and grab a watch from a persons' wrist or a purse or package from the seat while you are driving slowly or stopped in traffic.
- When you leave your car, try to find a guarded parking lot. Lock the car and keep valuables out of sight.
- When walking, avoid marginal areas of cities, dark alleys and crowds. Do not stop if you are approached on the street by strangers, including street vendors and beggars. Be aware that women and small children, as well as men, can be pickpockets or purse-snatchers. Keep your billfold in an inner front pocket, carry your purse tucked securely under your arm, and wear the shoulder-strap of your camera or bag across your chest. To guard against thieves on motorcycles, walk away from the curb, carrying your purse away from the street.
- Use official taxi stands rather than cruising taxis. Illegal taxis can be decoys for robbers.
- Whenever possible, do not travel alone. If you travel in isolated areas, go with a group or a reputable guide.
- Avoid travel at night.
- Money exchangers on the street pass off counterfeit U.S. dollars and local currency. Credit card fraud is growing.
- Do not take valuables to the mountains or on excursions.

Any U.S. citizen who is criminally assaulted should report the incident to the local police and to the nearest U.S. embassy or consulate.

The U.S. department of State has produced a website specifically for students going abroad. This site provides student specific travel tips and advice, and we strongly encourage you to visit it: www.studentsabroad.state.gov.

Drugs and the Legal System

When you are in a foreign country, you are subject to its laws. Learn about local laws and regulations, preferably before you arrive on site, and obey them. Deal only with authorized outlets when exchanging money or buying items such as airline tickets and travelers checks. Adhere strictly to the local laws because the penalties you risk are severe.

About 3,000 Americans are arrested overseas each year. Of these, approximately one-third are held on drug-related charges. Despite repeated warnings, drug arrests and convictions are still a common occurrence. Many countries have stiff penalties for drug violations and strictly enforce drug laws. You are subject to foreign, not U.S. laws while overseas, and you will find, if arrested, that:

- because you are subject to local laws abroad, there is very little that a U.S. consul can do for you if you encounter legal difficulties
- few countries provide jury trial
- most countries do not accept bail
- prisons may lack even minimal comforts: bed, toilet, wash basin
- officials may not speak English
- nutrition is often inadequate
- physical abuse, confiscation of personal property and inhumane treatment are possible

In other words, it is not worth imprisonment or extradition to break local laws. Be mature. Remember that laws are established for reasons (and you don't need to agree with those reasons), and that you are a guest, and should behave as such.

Health Issues: HIV and AIDS information

Acquired immunodeficiency syndrome (AIDS) is a severe, often life-threatening, illness caused by the human immunodeficiency virus (HIV). The incubation period for AIDS is very long and variable, ranging from a few months to many years. Some individuals infected with HIV have remained asymptomatic for more than a decade. Currently, there is no vaccine to protect against infection with HIV. Although there is no cure for AIDS, treatments for HIV infection and prophylaxis for many opportunistic diseases that characterize AIDS are available.

The universal precaution to prevent infection of either AIDS and/or HIV is to assume that everyone you meet has these diseases. While this may seem extreme, there is no way to judge from looking at someone whether or not they have been exposed to these illnesses or if, in fact, they are infected.

HIV infection and AIDS have been reported worldwide. The number of persons infected with HIV is estimated by WHO to be approaching the range of 18 million worldwide. Because HIV infection and AIDS are globally distributed, the risk to international travelers is determined less by their geographic destination than by their sexual and drug using behaviors.

Transmission and Prevention Information

The global epidemic of HIV infection and AIDS has raised several issues regarding HIV infection and international travel. The first is the need of information for international travelers regarding HIV transmission and how HIV infection can be prevented.

HIV infection is preventable. HIV is transmitted through sexual intercourse, needle or syringe sharing, by medical use of blood or blood components, and perinatally from an infected woman to her baby. HIV is not transmitted through casual contact; air, food, or water routes; contact with inanimate objects; or through mosquitoes or other arthropod vectors. The use of any public conveyance (e.g., airplane, automobile, boat, bus, train) by persons with AIDS or HIV infection does not pose a risk of infection for the crew or other passengers.

Increased risk for contracting AIDS and HIV

Travelers are at risk if they:

- have sexual intercourse (heterosexual or homosexual) with an infected person;
- use or allow the use of contaminated, unsterilized syringes or needles for any injections or other skin-piercing procedures including acupuncture, use of illicit drugs, steroid or vitamin injections, medical/dental procedures, **ear or body piercing, or tattooing**;
- use infected blood, blood components, or clotting factor concentrates. HIV infection by this route is a rare occurrence in those countries or cities where donated blood/plasma is screened for HIV antibody.

People should avoid sexual encounters with a person who is infected with HIV or whose HIV infection status is unknown. This includes avoiding sexual activity with intravenous drug users and persons with multiple sexual partners, such as male or female prostitutes. Condoms, when used consistently and correctly, prevent transmission of HIV. Persons who engage in vaginal, anal, or oral-genital intercourse with anyone who is infected with HIV or whose infection status is unknown should use a condom.

Advice from the CDC: General Travel Precautions

The following web address should be accessed for health information specific to where you will be traveling: <http://wwwn.cdc.gov/travel/default.aspx>. We strongly encourage all students to review these guidelines, advice and suggestions carefully. If vaccines are recommended then you should consult with your own personal health care professional (who has knowledge of your medical history) to determine what the best course of action is for you. The IGSD cannot provide medical advice. Any opinions expressed by students, advisors, or center directors with regard to medical issues are only opinions and should not be taken as authoritative.

The preventive measures you need to take while traveling depend on the areas you visit and the length of time you stay. All travelers should take the following precautions, no matter the destination:

- Wash hands often with soap and water.
- Because motor vehicle crashes are a leading cause of injury among travelers, walk and drive defensively.
- Avoid travel at night if possible and always use seat belts.
- Always use latex condoms to reduce the risk of HIV and other sexually transmitted diseases.
- Don't eat or drink dairy products unless you know they have been pasteurized.
- Don't share needles with anyone.
- Never eat undercooked ground beef and poultry, raw eggs, and un-pasteurized dairy products. Raw shellfish is particularly dangerous to persons who have liver disease or compromised immune systems.
- Drink only bottled or boiled water, or carbonated (bubbly) drinks in cans or bottles. Avoid tap water, fountain drinks, and ice cubes. If this is not possible, make water safer by BOTH filtering through an "absolute 1-micron or less" filter AND adding iodine tablets to the filtered water. "Absolute 1-micron filters" are found in camping/outdoor supply stores.
- Eat only thoroughly cooked food or fruits and vegetables you have peeled yourself. Remember: boil it, cook it, peel it, or forget it.
- If you visit an area where there is risk for malaria, take your malaria prevention medication before, during, and after travel, as directed. (See your doctor for a prescription.)
- Protect yourself from insects by remaining in well-screened areas, using repellents (applied sparingly at 4-hour intervals), and wearing long-sleeved shirts and long pants from dusk through dawn.
- To prevent fungal and parasitic infections, keep feet clean and dry, and do not go barefoot.

To Avoid Getting Sick

- Don't eat food purchased from street vendors.
- Don't drink beverages with ice.
- Don't eat dairy products unless you know they have been pasteurized.
- Don't share needles with anyone.
- Don't handle animals (especially monkeys, dogs, and cats), to avoid bites and serious diseases (including rabies and plague).
- Don't swim in fresh water. Salt water is usually safer.

What You Need To Bring with You

- Long-sleeved shirt and long pants to wear while outside whenever possible, to prevent illnesses carried by insects (e.g., malaria, dengue, filariasis, and Japanese encephalitis).

- Insect repellent containing DEET (diethylmethylnoluamide), in 30%–35% strength for adults and 6%–10% for children.
- Over-the-counter antidiarrheal medicine to take if you have diarrhea.
- Iodine tablets and water filters to purify water if bottled water is not available. See Do's above for more detailed information about water filters.
- Sunblock, sunglasses, hat.
- Prescription medications: make sure you have enough to last during your trip, as well as a copy of the prescription(s).

After You Return Home

- If you have visited an area where there is risk for malaria, continue taking your malaria medication weekly for 4 weeks after you leave the area.
- If you become ill after travel—even as long as a year after your trip—tell your doctor the areas you have visited.

Section 3 – Site Specific Information for London

This guide has been produced to help you prepare for your project in London, to show you what to expect, and to inform you of what is expected of you. You should enjoy your time in London, and the information in this guide is designed to help.

Introduction

It has been said that Britain and America are two nations divided by a common language. You will have to get used to different meanings of several words and phrases, as well as various accents, so don't be surprised if during your first few days you find problems with the people and the language – there will have to be adjustments on both sides.

There are many other cultural differences. For example, people aged 18 years and over can buy and drink alcohol in public places, namely bars, pubs (you have heard about the English pub) and restaurants. You can also buy alcohol in shops. You will discover that English like their beer less cold and that 'bitter,' not 'lager,' is the preferred drink. Another difference to remember is that the English drive on the left-hand side of the road in England - so be careful when crossing!

Please be aware, especially when touring in Britain, that the Welsh and Scots do not like to be called 'English,' and neither for Britain to be called 'England.' (It's rather like getting the US and Canada muddled up!) You should find the English (and the Scots and Welsh!) very welcoming and pleasant to deal with, especially your sponsors.

Welcome and Good Luck!

Dates

The following dates should be used in making your travel arrangements to London.

Arrive WPI housing: Depart WPI housing:
--

All students are expected on site by the arrival date. If you arrive earlier, you are responsible for finding your own accommodations – you can *not* get into the WPI housing early.

Bus transportation will be coordinated for students arriving at Heathrow on specific flights. If you intend to wait several hours in the airport to ride the bus with other students, you must inform the IGSD BEFORE leaving for the site. Bus drivers are not authorized to take passengers not on their list. If you don't "sign up" ahead of time, you will have to make your own way to the residence. Please plan accordingly.

Student may apply directly to IES Student Residence Hall for early arrivals, as well as staying late. Please contact IES directly at info@iesreshall.com; mention that you are part of the WPI group and specify the additional date(s) you require. The IES Student Residence Hall will work with you directly. Keep in mind that you are responsible for yourself as well as financially responsible for your payment during this timeframe.

Calling Home

Calling home from a foreign country can be a difficult and frustrating experience. Phones may not be familiar and the costs of calling overseas with local currency may be very high. For these reasons, it is highly recommended that you carry some sort of calling card. One source for inexpensive landline calls to and from London is:

TeleGroup
2098 Nutmeg Avenue
392 161 9707
Fairfield IA 52556
Tel 1 1-800-338-0225 Ext 2095
Tel 2 1-888-863-1721
E-mail bzeiger@telegroup.com ; usacs@telegroup.com

Users dial an 800-number equivalent, enter a code number, and then dial the call to the US, which is charged to a credit card.

The IGSD is not endorsing or promoting the service, but faculty associated with the program have found it generally reliable.

Another option is purchasing a cell phone in London for a service that offers inexpensive calls to the US.

Travel Arrangements and Other Things

There are several items of business to take care of before leaving for London. It is sensible to deal with these at as early a stage as possible.

International students from outside the European Union are likely to need a visa in addition to a passport in order to enter the UK. Countries whose residents are required to obtain an entry visa are listed at <http://www.ukvisas.gov.uk/en/doineedvisa/visadatvnationals>.

Our best current guidance is that such students should apply for entry using the General Visitor application form, which appears at <http://www.ukvisas.gov.uk/resources/en/docs/1903073/VAF1A>.

If you are from neither a European country nor the USA and you are planning to visit other countries besides the UK, you may need a visa for those trips as well. For further information and forms, contact the embassy of the countries you intend to visit. Please give yourself plenty of time to do this; it takes longer than one thinks.

The London A to Z Guide will help you get around in London, please purchase one on arrival.

This pocket guidebook contains maps of the entire city that are laid out in an easy to read grid. An index in the back lists the pages where individual street and Tube stops are located. They come in different sizes and can be bought at bookstores and newsagents, at rail stations, and in airports.

Despite its size, you will find London easy to get around once you have adjusted to using its public transport.

Air Travel

All students are expected to arrive at the IES Residence Hall in London by 10:30 am on Saturday 14 March 2009. Students must check out of IES by noon on Saturday 2 May 2009. See the schedule at http://www.wpi.edu/Images/CMS/GPP/London_Centre_Dates_for_2008-09.pdf.

Bus transportation will be coordinated for students arriving at Heathrow before 7:45 am on 14 March. Students who fly into Heathrow Airport, arrive by 7:45 a.m. on that Saturday, and return the Transportation Request form to IGSD by the announced deadline will be taken by bus directly to IES. Students who turn the form in on time will receive a confirmation via email from the IGSD specifying when and where they will be met. Bus drivers are not authorized to take passengers not on their list.

If you don't sign up ahead of time, you will have to make your own way to the residence. Please plan accordingly. If you miss a flight or your flight is delayed more than a few minutes you will most likely need to make your own way to IES via tube or taxi. Please have those directions from the London Student Handbook with you.

If you are traveling by air, you must have confirmed reservations. Flying stand-by is not acceptable.

Students are solely responsible for finding accommodation before the first Saturday and after the last Friday of their term in London.

Students are responsible for making their own flight arrangements, which they must communicate to the IGSD office (see Travel Information Form).

Students and advisors who will not be using the airport pick-up, please see the information below on the two major airports in London.

The last leg of these trips is usually by cab; students should ask the driver to take them to the "IES student dormitory at the corner of Manresa and King's Road in Chelsea". Use only the licensed black cabs which pull up to an organized taxi rank in front of train stations such as Paddington or Victoria and cruise main streets near tube stations like Earl's Court. Be prepared to pay the driver in cash; you can obtain British currency (sterling) from an ATM ("cash point") before leaving the airport. Typically, two students and their luggage can share one black cab.

Heathrow:

- Underground (fare approximately £7 single) length of journey 1 hour to central London. Get out at Earls Court tube station and get a cab to Manresa Road in Chelsea (Not recommended with heavy luggage) See <http://www.tfl.gov.uk/gettingaround/2558.aspx>.
- Heathrow Express (fare approximately £14.00 single) length of journey 15 minutes to Paddington Station. Get a cab at Paddington to Manresa Road in Chelsea. See <https://www.heathrowexpress.com/index.asp?SID={B96DFAEB-8C04-4D03-B450-6CE16687FECC}>
- Heathrow Connect (cheaper than Heathrow Express but more stops) Same instructions as Heathrow Express. See <https://www.heathrowconnect.com/index.asp?SID={A65CDD6B-352C-4587-827D-FCF116DCA04A}>.

Gatwick:

- Gatwick Express (fare approximately £14 single) length of journey 35 minutes to Victoria Station. Get a cab from Victoria Station to Manresa Road in Chelsea. See <https://www.gatwickexpress.com/index.asp?SID={119574C3-2BF2-4D45-A9E7-D19F153A3830}>.
- National Express motorcoach (bus) Get a cab from Victoria Coach Station to Manresa Road in Chelsea. See <http://www.nationalexpress.com/Airport/gatwick.cfm>

Travel in London

All students purchase travel passes according to the geographical area of their project. The passes cover travel on the underground, the buses, and over ground trains.

Students must make sure they do not lose their travel passes. A costly (£10) and time consuming process is required to replace a lost travel pass. Students are required to deal with this themselves.

Travel in Europe

Students are responsible for their own travel arrangements if they wish to travel in Europe. **You are advised to book travel and accommodations ahead** especially during the summer months. Youth hostels are particularly busy from May until October in Europe. International Student Identity Cards are available for purchase in the IGSD Office. Also, there are special cheap rail and airfares in the UK and Europe if you book ahead. Look on travel web sites such as:

- www.thomascook.com
- www.buzzaway.com
- www.gofly.com
- www.ryanair.com
- www.easyjet.com

The First Weekend in London

Besides getting over jetlag, the first weekend is one to be used for getting to know London and learning where your sponsor is based. On the Saturday the faculty advisors and students typically take a London Walk together.

Traveling Lightly

Please try to travel as lightly as you can. Yes, you are in London for seven weeks and may be traveling either before or after, but there are washing machines and irons in the flats. If you want to store luggage while traveling, you will have to look at the following:

- Luggage storage facilities at major rail stations at £3.50 (\$7.00 approximately) per day
- Student Tourist Luggage Office – offices in Earl's Court and Wimbledon. Charges from £22 (\$41 approximately) per month.
- Nationwide Self Storage, Blantyre Street, Chelsea, London SW10 0EQ, 20 7351 6800 at approximately £10 (\$20) per week.
- DFDS Transport will store and ship belongings home for you. You can contact them via email at transport@dfds.co.uk

N.B. Storage at airports is expensive.

Living Arrangements while in London

Dorm

Students are accommodated in a modern dorm called the IES Residence Hall located at:

**Manresa Road
London SW3 6NA
Phone: 011-44-207-808-9200
Fax: 011-44-207-376-5167**

See <http://www.iesreshall.com/content.aspx?Page=Home>. The dorm is new and is used by both WPI students and study abroad students from other programs. There are Resident Assistants that live in the dorm and there is 24 hour security.

Each room is fully furnished with:

- Fully-carpeted rooms
- En-suite bathroom, includes a shower, toilet, sink, mirrored medicine cabinet, and heated towel rack
- Professional cleaning of en-suite bathroom once a week
- Twin beds that can be bunked
- Two writing desks with movable bookcases
- Two lockable wardrobes
- Self-controlled heating unit
- Two data ports per room with free Internet access 24/7
- Telephone
- Sheets and blankets
- In addition, each room shares a kitchen that includes:
 - Modern cooking utensils and appliances, including a microwave, refrigerator/freezer, stove/oven, dishwasher, and garbage disposal
 - Couch and coffee table as well as table and chairs
 - Typically 6 students share each kitchen
 - Students will have individual lockable cupboard space in kitchen
 - Each floor has a comfortable common area lounge complete with cable TV, DVD, and additional data ports for laptop hookups
 - Professional cleaning of kitchens once a week

N.B. Towels and bathmats are not provided - students should bring their own.

It is important to keep the rooms as tidy as possible if you want them to be properly cleaned every week. Cleaners can only do their work if floors and surfaces are not covered with junk. The rooms are well furnished and in good condition. Please keep them that way. You will be charged for damages beyond normal wear and tear or for leaving the room dirty when you depart.

Cost of Living in London

London is an expensive place to live. Costs are far higher than in Worcester. You need to plan to spend at least £60 (\$120) per week for food, clothing, and incidentals.

Telephones

Students are responsible for all telephone charges in their rooms. To make international calls, students must use AT&T or equivalent calling cards, which one can access via a free phone number. Calling cards, which can be purchased throughout London, are the most affordable way of making international calls from public pay phones. Students must understand that telephone calls in the UK are more expensive than in the US.

US versus UK Washing Machines

A small point needs to be made about UK washing machines, because you will find them very different from US ones and not as efficient! UK machines are front loaders and the maximum load that they usually take is less than a US machine and it is important that they are not overloaded. UK machines also use hot water washes and not cold water ones as in the US and therefore it is important that you read the instructions as to use and quantity of the powder or liquid you use. The powders or liquids are classified as biological or non-biological, the latter being for use particularly by people with skin sensitivities. The Chelsea site has coin-operated washer & dryer facilities located in the basement – the driers are conventional. The cost to wash and dry a load of laundry is £1 each.

Problems and Damages

Emergencies

In the event of an emergency, WPI students should immediately contact the nearest RA (The IES Residence Hall has 5 RAs on staff - one RA for two floors. They are located in the rooms by the elevator on alternating floors).

If no RA is available or able to assist, please find David Yeates, the Managing Director, who lives on site.

Non-Emergencies

For non-emergency issues regarding the IES Residence Hall, WPI students should contact the nearest RA (the Residence Hall has 5 RAs on staff - one RA for two floors. They are located in the rooms by the elevator on alternating floors).

If no RA is available or is unable to assist, please speak with the person on duty at the front desk.

If your issue is still unresolved after speaking with the front desk, please e-mail Lee Frankel at lee@academicstudies.com with the problem.

Shopping

The IES Residence Hall is located just off of the King's Road in Chelsea, which is a major shopping area. There is a major supermarket within walking distance and public transportation is very close. The nearest bus and tube stops are:

- Piccadilly Line at South Kensington (from Heathrow) is a 10 minute walk
- Circle/District Lines at Sloane Square (15 minute walk down King's Road)
- Bus stop at the corner of our building with numbers 11, 19, 22, 49, 319, N11, N19, N22 (N means night buses)
- In case you are curious, and especially for those of you going to London early, you can locate grocery stores (usually called supermarkets in the UK), etc. using Google maps. You should look for Waitrose, Sainsbury's, and Tesco if you want a supermarket. The most common pharmacy chain is "Boots." If you need household items (e.g., towels, etc.) or clothing, "Marks and Spenser" (otherwise known as M&S or "Marks & Sparks") will be a good bet. You will find all of these within easy walking distance of IES, especially along the Kings Road

Personal Safety

London is a big city and it is advisable to take notice of safety advice at the induction. It is essential that students are careful about their bags and purses when in London. If there is a lost or stolen bag/ purse/ wallet, the Project Advisor must be informed immediately. Lost tube passes will incur expense and trouble. Do not leave bags unattended in public places and do not put wallets into back pockets. Women should not go out by themselves late at night (after 9.00pm). There is safety in numbers and in mixed sex groups.

Consistent with WPI's Residence Hall policy there are no pets allowed in project center housing. Violation of this policy can result in your termination from a residential project center.

Medical Information

The Residence Hall staff will brief arriving students on nearby medical care facilities. In addition, in case of emergency, make sure you have this information with you:

- For medical emergencies telephone 999 and ask for an ambulance. Be as exact as you can as to the address of where you are.

Victoria Medicentre (011-44-207-821-1531) - Main concourse, Victoria Mainline Station - no appointment is necessary and this is what we'd consider to be the emergency room. Also nearby is the Chelsea and Westminster Hospital, which is about a 10 minute walk from the IES Residence Hall on the Fulham Road. Student consultation rate is 39 pounds upon production of a student ID card.

- Call a cab if needed: Black Cabs: Dial-a -Cab: 020 7253 5000 / 251 0581; Computer Cabs: 020 7286 2728; Minicabs: Capital Cars: 020 7402 1166.

There is a doctor's office called The Good Practice (011 44 207 251 1766) just down the road from the IES Residence Hall at 409 King's Road. Students should register with The Good Practice upon arrival, and then an appointment can be made.

American students cannot use National Health Service doctors or National Health Service walk-in centres unless they are in the UK for 6 months or longer. Mental health services are available from Chelsea and Westminster Hospital (our local) and from the Borough of Kensington and Chelsea (RBKC). The links below provides more details regarding the services offered.

Services available via RBKC:

<http://www.rbkc.gov.uk/SocialServices/mentalhealth/emergency.asp>

Mental Health Facilities at the Chelsea and Westminster Hospital:

[http://www.cnwl.org/Kensington_Day_Psychological_Medicine_\(South_Kensington_and_Chelsea\).html](http://www.cnwl.org/Kensington_Day_Psychological_Medicine_(South_Kensington_and_Chelsea).html)

Emergency Duty Team (night time and weekends):

<http://www.rbkc.gov.uk/az/az.asp?OrgId=1877>

Students who are on medication and may need regular treatment should contact their primary care physician in advance so that arrangements can be put in place before arrival.

Section 4 – Transition Issues

Experiences in Transition

adapted from an article by Janet Bennett, Intercultural Communication Institute, Portland OR

Culture Surprise

Culture surprise are the reactions which occur shortly after arrival in a different culture when we see things that are different than we are used to. It usually occurs within the first few days after arrival as we become aware of superficial differences: modes of dress, signs in a different language, nonverbal behaviors.

Culture Stress

Culture stress manifests itself in the fatigue that occurs when we practice new behaviors in a different culture. This occurs as we respond to the behavior of the new culture and try to fit in by doing our own shopping, understanding comments made about us in the local language, learning to navigate public transportation and other attempts to adjust to the new culture.

Culture Shock

Culture shock is a state of loss and disorientation precipitated by a change in our environment that requires adjustment. It results from confronting values different from our own and from the loss of a familiar network and environment. It is a normal healthy reaction to the stress of living in a different culture. Everyone who has spent time living in another culture experiences some form of culture shock.

Symptoms of Culture Shock

Symptoms can be both physical and psychological, and can include: headaches, stomach aches, dizziness, rashes, nausea, irritability, insomnia or excessive sleepiness, depression, loneliness, withdrawal paranoia, anger, aggression, hatred, fear, crying, complaining, self-doubt, boredom, helplessness, confusion, and feelings of inadequacy. This list is not exhaustive.

Prescription for Culture Shock

adapted from an article by Bruce LaBrack, Summer Institute for Intercultural Communication

1. Understand the symptoms and recognize the signs of culture stress.
2. Realize that some degree of discomfort and stress is natural in a cross-cultural experience.
3. Recognize that your reactions are largely emotional and not easily subject to rational management.
4. Gather information *before* you go so at least the differences will be anticipated. Knowledge is power.
5. Look for the logical reasons behind host culture patterns. Discover why things are done the way they are.
6. Relax your grip on your normal culture and try to cheerfully adapt to new rules and roles.
7. Don't give in to the temptation to disparage what you do not like or understand. It probably won't change.
8. Identify a support network among peers, team members, other students and faculty advisor. Use this network, but do not rely on it exclusively.
9. Understand that this is a passing phase of what will be, in retrospect, a time of great learning and personal growth.
10. Give yourself quiet time, some private space, and don't be too hard on yourself.

In preparation to return home

“In a sense, it is the coming back, the return, which gives meaning to the going forth. We really don't know where we've been until we come back to where we were - only where we were may not be as it was because of who we've become, which, after all is why we left.” - Bernard, *Northern Exposure*

Reentry Challenges and Suggestions

adapted from articles by Dr. Bruce LaBrack, School of International Studies, University of the Pacific

There are lots of reasons to look forward to going home, but there are also a number of psychological, social and cultural aspects that prove difficult - often because they are unanticipated. Re-entry into your home culture can be both as challenging and frustrating as living overseas, mostly because our attitude toward going home is that it should be a simple matter of getting resettled, resuming earlier routines, and reestablishing your relationships. Research has shown that re-entry has its own set of special social and psychological adjustments which can be facilitated by being aware of the process and following some advice from those who have already returned.

Interviewing students who have been through the experience of off-campus study generated the following list of issues and suggestions. Their advice is to take the process seriously by being realistic and thinking about it and your possible reactions.

Prepare for the adjustment process and allow enough time

The more you think about what is to come, and know how returning home is both similar to and different from going away, the easier the transition will be. Anticipating is useful. The process of re-entry will take time, just like adjusting to the new culture did. Give yourself time to relax and reflect on what is going on around you, how you are reacting to it, and what you might like to change.

Overcoming boredom

After all the newness and stimulation of your time away, a return to family, friends, and old routines (however nice and comforting) can seem very dull. It is natural to miss the excitement and challenges which characterize project work off-campus, but it is up to you to find ways to overcome such negative reactions - remember a bored person is also boring.

“No one wants to hear”

One thing you can count on upon your return: no one will be as interested in hearing about your adventures as you will be in sharing those experiences. This is not a rejection of you or your achievements, but simply the fact that once others have heard the highlights, any further interest on their part is probably unlikely because they have no frame of reference for your experiences. Be realistic in your expectations of how fascinating your journey is going to be for everyone else. Be brief.

Cultivate sensitivity and interest

Showing an interest in what others have been doing while you have been gone is the surest way to reestablish your rapport. Much frustration can be avoided if you become as good a listener as a talker.

You can't explain

Even when given a chance to explain all the things you saw, felt and experienced while off-campus, it is likely to be at least a bit frustrating to relay them coherently. It is very difficult to convey this kind of experience to people who do not have similar frames of reference, no matter how sympathetic they are as listeners. You can tell people about your trip, but you may fail to make them understand exactly how or why you felt a particular way. It's okay.

Reverse homesickness

Just as you probably missed home for a time after leaving campus, it is just as natural to experience some “reverse” homesickness for the people, places and things that you grew accustomed to while away from WPI. Feelings of loss are an integral part of returning from an off-campus sojourn and must be anticipated and accepted as a natural result of study away.

Beware of comparisons

Making comparisons between cultures is natural, particularly after residence abroad; however, the tendency to be an “instant expert” is to be avoided at all costs.

Relationships have changed

It is inevitable that when you return you will notice that some relationships with friends and family will have changed. Just as you have altered some of your ideas and attitudes while away, the people at home are likely to have experienced some changes as well. These changes may be positive or negative, and may seem even trivial to you, but expecting no change is unrealistic. The best preparation is flexibility, openness, minimal preconceptions, and tempered optimism.

Feelings of alienation

Sometimes the reality of being back home is not as natural or enjoyable as the place you had imagined. When real daily life is more demanding than you remembered, it is natural to feel some alienation, see faults you never noticed before, or even become quite critical of everyone and everything for a time. Mental comparisons are fine, but keep them to yourself until you regain both your cultural balance and a balanced perspective.

Remain flexible

Keeping as many options open as possible is an essential aspect of a successful return home. Attempting to re-socialize totally into old patterns and networks can be difficult, but remaining isolated and aloof is counterproductive.

Loss/compartmentalization of experience

Being home, along with the pressures of schoolwork, family and friends, often combine to make returnees worried that somehow that will “lose” the experience; somehow becoming compartmentalized like souvenirs only occasionally taken out and looked at. You do not have to let that happen. Maintain your contacts. Talk to people who have experiences similar to yours. Practice your skills. Remember your hard work and the fun you had while off-campus. There are lots of people on campus who have gone through their own re-entry and have had experiences similar to yours. Seek out other returned students from other sites, and look into becoming involved with the Global Ambassadors.

APPENDIX A - WPI OFF-CAMPUS STUDY TRAVEL INFORMATION FORM

WPI Off-Campus Study Travel Information Form

You must attach a copy of your travel itinerary provided by your travel agent or airline, in addition to completing this form. No handwritten itineraries will be accepted.

All students intending to complete a project at a WPI project site are asked to provide the IGSD with information about their travel arrangements. This will notify the faculty advisor, on-site coordinator and IGSD staff of your expected arrival date and time and alert them if a problem arises. *For some sites* this information is needed in order to arrange to have students met at the airport.

You must bring your passport into the IGSD to be scanned, unless you are participating in a project program within the U.S.

Name:	Site:	Term:
Arrival Date on site:	Arriving from (city):	
Mode of travel (air, train, bus, car):		
If traveling by air:

London Project Center Only
Bus Transportation: _____ **Yes** _____ **No**

(PLEASE MAKE SURE YOU CHECK ONE OF THESE OPTIONS FOR TRANSPORTATION FROM HEATHROW AIRPORT TO IES)

APPENDIX B - OFF-CAMPUS STUDENTS' HEALTH UPDATE AND RECORDS RELEASE FORM

Name _____ Project Site _____ Term _____

All students traveling off-campus to participate in a WPI program are required to carry medical insurance that is valid at the program site for the entire length of the program. Please verify this with your insurance company and list the name of your carrier and your policy number.

Carrier _____ Policy Number: _____

Do you have any medical conditions that could affect you while off-campus of which you would like to make the IGSD aware? (i.e. epilepsy, diabetes, depressive episodes, etc.) Also, please list any changes in your health not noted on your medical records on file with WPI Health Services.

Are you allergic to any medications? If so, please list them.

List any prescription medicines you are currently taking.

When traveling off-campus it is a good idea to take a supply of your prescription medications sufficient to last for the length of the trip. Prescription medicines should always be kept in the original containers with the prescription label to avoid problems with customs. It is also important to take along a copy of the prescription from your physician, clearly written, in generic terms, and with an indication of the condition being treated.

In the event of an emergency, please contact:

1. Name _____ Relationship to Student _____

Address _____

email _____

Cell Phone #: _____

Home Telephone: _____ Work Telephone: _____

2. Name _____ Relationship to Student _____

Address _____

email _____

Cell Phone #: _____

Home Telephone: _____ Work Telephone: _____

I hereby authorize WPI health services to release my medical records to the Interdisciplinary and Global Studies Division in the event of a medical emergency while studying off-campus. *I hereby acknowledge that it is my responsibility to contact my health insurance provider to determine that I am covered while at an off-campus project site.*

Signature _____ Date _____

APPENDIX C - ATC TEAM FORM
(One Per Team)

After you have turned in this completed form to the IGSD, at least one member of your group (although we suggest the entire group come so that the entire group takes equal responsibility for the equipment) is required to go to the ATC and reserve a laptop BEFORE pick-up on the specified date.

Project Site: _____

Pickup person: _____

Return person: _____

names of
team members: _____

If you can not pick up and return this PC within the specified dates, then you will need to make alternative arrangements: the ATC can *not* accommodate you.

Dates: **pick up on or after:** **These dates will be filled in by IGSD**

Return on or before: **These dates will be filled in by IGSD**

Pick-up Person

Return Person

Student Name: _____

Student Name: _____

Student Address: _____

Student Address: _____

Phone #: _____

Phone #: _____

Student ID#: _____

Student ID#: _____
