Section 1 – WPI and IGSD Procedures

Introduction

Worcester Polytechnic Institute has been practicing innovative, project-based technological education for over 30 years. WPI requires all undergraduates to complete a series of projects, including one in which they examine how science or technology interacts with societal structures and values - the Interactive Qualifying Project. Because of its commitment to a global perspective, the university offers its students opportunities to complete this degree unique degree requirement at locations around the world. WPI operates more than ten international project programs where students, with resident faculty advisors, live and work full time solving real-world problems for public and private agencies and organizations. WPI sends more engineering and science students overseas for experiential learning than any other US college or university; during the 2010-2011 academic year, approximately 625 WPI students -- including over half of the junior class -- will travel to a global project site to complete one of these interdisciplinary projects.

Congratulations! You are beginning to prepare for one of the most meaningful experiences that you will encounter while at WPI. In order to ensure that you have a successful experience, the Handbook for Puerto Rico D 2011 Project Center has been compiled from a number of sources to provide as much practical information as possible that may be applicable to all project sites. The Handbook was prepared to inform the student who has been accepted to participate in the Global Perspective Program at the Puerto Rico Project Center during term D 2011.

A successful off-campus experience does not just occur; it requires careful consideration of things you will need to do before you leave, and while at your off-campus site. The Interdisciplinary and Global Studies Division (IGSD) has developed this document to outline these considerations.

For the mutual protection of WPI, the students, and their families, the obligation assumed by each must be carefully defined and understood. You should recognize the fact that you have entered into a contractual agreement with WPI that states the obligations and responsibilities of both the university and yourself. This Handbook was created as the document that should be read carefully and thoroughly to avoid misunderstandings.

The following text is taken from the NAFSA: Association of International Educators' website. NAFSA is the predominant professional association in the world dealing with international education, and the section of the Association that deals specifically with study abroad currently known as the Education Abroad Knowledge Community. A committee of study abroad professionals (the Interorganizational Task Force on Safety and Responsibility in Study Abroad) developed the following document and is included here for your reference. Please keep in mind that while WPI's off campus program is unique in its structure, the University is committed to uphold the standards of the profession.

Responsible Study Abroad: Good Practices for Health and Safety

Statement of Purpose

Because the health and safety of study abroad participants are primary concerns, these statements of good practice have been developed to provide guidance to institutions, participants (including faculty and staff), and parents/guardians/families. These statements are intended to be aspirational in nature. They address issues that merit attention and thoughtful consideration by everyone involved with study abroad. They are intentionally general; they are not intended to account for all the many variations in study abroad programs and actual health, safety and security cases that will inevitably occur. In dealing with any specific situation, those responsible must also rely upon their collective experience and judgment while considering their specific circumstances.

I. Responsibilities of Program Sponsors

The term "sponsors" refers to all the entities that together develop, offer, and administer study abroad programs. Sponsors include sending institutions, host institutions, program administrators, and placement organizations. To the extent reasonably possible, program sponsors should consider how these statements of good practice may apply. At the same time, it must be noted that the structure of study abroad programs varies widely. Study abroad is usually a cooperative venture that can involve multiple sponsors. Because the role of an organization in a study abroad program may vary considerably from case to case, it is not possible to specify a division of efforts that will be applicable to all cases. Each entity should apply these statements in ways consistent with its respective role.

In general, practices that relate to obtaining health, safety and security information apply to all parties consistent with their role and involvement in the study abroad program. Much of the basic information is readily available and can be conveyed to participants by distributing it and/or by referring them to, or utilizing materials from, recognized central sources. Statements of good practice that refer to the provision of information and the preparation of participants are intended for parties that advise, refer, nominate, admit, enroll, or place students. Statements of good practice that suggest operating procedures on site apply to entities that are directly involved in the operation of the overseas program.

It is understood that program sponsors that rely heavily on the collaboration of overseas institutions may exercise less direct control over specific program components. In such cases, sponsors are urged to work with their overseas partners to develop plans and procedures for implementing good practices.

The use of letters is provided for ease of reference only and does not imply priority.

Program sponsors should:

- A. Conduct periodic assessments of health and safety conditions for their programs, and develop and maintain emergency preparedness processes and a crisis response plan.
- B. Provide health and safety information for prospective participants so that they and their parents/guardians/families can make informed decisions concerning preparation, participation and behavior

- while on the program.
- C. Provide information concerning aspects of home campus services and conditions that cannot be replicated at overseas locations.
 - D. Provide orientation to participants prior to the program and as needed on site, which includes information on safety, health, legal, environmental, political, cultural, and religious conditions in the host country. In addition to dealing with health and safety issues, the orientation should address potential health and safety risks, and appropriate emergency response measures.
 - E. Consider health and safety issues in evaluating the appropriateness of an individual's participation in a study abroad program.
 - F. Determining criteria for an individual's removal from an overseas program taking into account participant behavior, health, and safety factors.
 - G. Require that participants be insured. Either provide health and travel accident (emergency evacuation, repatriation) insurance to participants, or provide information about how to obtain such coverage.
 - H. Conduct inquiries regarding the potential health, safety and security risks of the local environment of the program, including program-sponsored accommodation, events, excursions and other activities, prior to the program. Monitor possible changes in country conditions. Provide information about changes and advise participants and their parents/guardians/families as needed.
 - I. Hire vendors and contractors (e.g. travel and tour agents) that have provided reputable services in the country in which the program takes place. Advise such vendors and contractors of the program sponsor's expectations with respect to their role in the health and safety of participants.
 - J. Conduct appropriate inquiry regarding available medical and professional services. Provide information about these services for participants and their parents/guardians/families, and help participants obtain the services they may need.
 - K. Develop and provide health and safety training for program directors and staff, including guidelines with respect to intervention and referral that take into account the nature and location of the study abroad program.
 - L. Develop codes of conduct for their programs; communicate codes of conduct and the consequences of noncompliance to participants. Take appropriate action when aware that participants are in violation.
 - M. In cases of serious health problems, injury, or other significant health and safety circumstances, maintain good communication among all program sponsors and others who need to know.
 - M. In the participant screening process, consider factors such as disciplinary history that may impact on the safety of the individual or the group.
 - N. Provide information for participants and their parents/guardians/families regarding when and where the sponsor's responsibility ends and the range of aspects of participants' overseas experiences that are beyond the sponsor's control.

In particular, program sponsors generally:

- A. Cannot guarantee or assure the safety and/or security of participants or eliminate all risks from the study abroad environments.
- B. Cannot monitor or control all of the daily personal decisions, choices, and activities of participants.
- C. Cannot prevent participants from engaging in illegal, dangerous or unwise activities.
- D. Cannot assure that U.S. standards of due process apply in overseas legal proceedings or provide or pay for legal representation for participants.
- E. Cannot assume responsibility for actions or for events that are not part of the program, nor for those that are beyond the control of the sponsor and its subcontractors, or for situations that may arise due to the failure of a participant to disclose pertinent information.
- F. Cannot assure that home-country cultural values and norms will apply in the host country.

II. Responsibilities of Participants

In study abroad, as in other settings, participants can have a major impact on their own health and safety through the decisions they make before and during their program and by their day-to-day choices and behaviors.

Participants should:

- A. Assume responsibility for all the elements necessary for their personal preparation for the program and participate fully in orientations.
- B. Read and carefully consider all materials issued by the sponsor that relate to safety, health, legal, environmental, political, cultural, and religious conditions in the host country(ies).
- C. Conduct their own research on the country(ies) they plan to visit with particular emphasis on health and safety concerns, as well as the social, cultural, and political situations.
- D. Consider their physical and mental health, and other personal circumstances when applying for or accepting a place in a program, and make available to the sponsor accurate and complete physical and mental health information and any other personal data that is necessary in planning for a safe and healthy study abroad experience.
- E. Obtain and maintain appropriate insurance coverage and abide by any conditions imposed by the carriers.
- F. Inform parents/guardians/families and any others who may need to know about their participation in the study abroad program, provide them with emergency contact information, and keep them informed of their whereabouts and activities.
- G. Understand and comply with the terms of participation, codes of conduct, and emergency procedures of the program.
- H. Be aware of local conditions and customs that may present health or safety risks when making daily choices and decisions. Promptly express any health or safety concerns to the program staff or other appropriate individuals before and/or during the program.
- I. Accept responsibility for their own decisions and actions.
- J. Obey host-country laws.
- K. Behave in a manner that is respectful of the rights and well being of others, and encourage others to behave in a similar manner.
- L. Avoid illegal drugs and excessive or irresponsible consumption of alcohol.
- M. Follow the program policies for keeping program staff informed of their whereabouts and well being.
- N. Become familiar with the procedures for obtaining emergency health and legal system services in the host county.

III. Recommendations to Parents/Guardians/Families

In study abroad, as in other settings, parents, guardians, and families can play an important role in the health and safety of participants by helping them make decisions and by influencing their behavior overseas.

Parents/guardians/families should:

- A. Be informed about and involved in the decision of the participant to enroll in a particular program.
- B. Obtain and carefully evaluate participant program materials, as well as related health, safety and security information.
- C. Discuss with the participant any of his/her travel plans and activities that may be independent of the study abroad program.
- D. Engage the participant in a thorough discussion of safety and behavior issues, insurance needs, and emergency procedures related to living abroad.
- E. Be responsive to requests from the program sponsor for information regarding the participant.
- F. Keep in touch with the participant.
- G. Be aware that the participant rather than the program may most appropriately provide some information.

**Going Global at WPI Handbook
3/18/2011**

**Use and adaptation welcome, but please acknowledge WPI and
Natalie Mello and tell us of your use (nmello@wpi.edu)**

Mandatory Paperwork

The following forms must be on file in the IGSD office before students leave WPI for their off-campus project experience. If any forms are missing, students are in jeopardy of not being allowed to participate at off-campus programs.

Paperwork Deadline:

All mandatory paperwork for Puerto Rico must be turned in completed to the IGSD by **Monday, February 7, 2011 by 3:00 pm.**

Participant Statement of Agreement

Once accepted to the Global Perspective Program at WPI, every student is required to submit to the IGSD along with his or her housing deposit a signed and dated "Participant Statement of Agreement". The text of that document is included below for your convenient referral. Of course, you may request a photocopy of your signed "Participant Statement of Agreement" at any time.

I understand that my participation in the WPI Global Perspective Program is subject to my agreement to accept and abide by the following conditions of participation:

A. Financial Responsibility

- 1) I understand that my deposit of \$400 is used to secure my place in the program and will be credited toward my housing cost.
- 2) I understand that charges for any damages to housing, WPI property on site, the property of our host institutions, or project sponsors will be charged to my WPI account. When responsibility for damages to housing cannot be assigned to an individual student, all students in the housing unit will be charged an equal share of the cost. I also realize that an official hold will be placed on my records until all payment responsibilities are satisfied.
- 3) I agree to pay all housing charges as requested. The accounting office normally bills housing costs at program sites at the time of the usual billing for Spring, Fall, and Summer terms.

B. Withdrawal, Cancellation, or Dismissal

- 1) I understand that the \$400 acceptance deposit is fully refundable up to 120 business days before the beginning of the program. Notice of withdrawal must be made in writing to the Interdisciplinary and Global Studies Division. Withdrawals after this time are subject to forfeiture of the entire deposit, plus any unrecoverable portion of the housing costs or other program expenses advanced on my behalf.
- 2) WPI makes every effort to deliver every program offered. However, many circumstances beyond our control could affect the welfare and safety of our participants. WPI, therefore, reserves the right to cancel a program in the event of changes that adversely affect our ability to deliver a quality academic program in which we can reasonably safeguard the health, safety, and well-being of all participants. In the event of cancellation by WPI, all *recoverable* deposits, tuition, and housing costs will be fully refunded.
- 3) Students who are dismissed from a program for any reason will receive no refund of any costs involved and are subject to charges for any unrecoverable housing costs or program expenses advanced on their behalf.

C. Behavioral Responsibilities

- 1) I understand that all policies governing acceptable behavior as printed in The Policies section of *The Campus Planner & Resource Guide* apply to me during my participation at an off-campus program site. Failure to abide by these policies, either before or during my participation in an off-campus program, can result in disciplinary action, up to and including my immediate dismissal from the program. I recognize that the authority for adjudicating alleged violations of the WPI Code of Conduct while at an off-campus program site lies with the on-site WPI representative in accordance with basic due process.
- 2) I further understand that as a WPI student at an off-campus program site, I represent my institution and my

country and will behave as an ambassador for both. I understand that grounds for dismissal may also be found in behavior disruptive to the group as a whole, or offensive within the host culture: disruptive sexual behavior, or behavior deemed offensive to the host culture; or disruptive, violent, or destructive behavior in student housing.

- 3) I understand that WPI must take steps to ensure that no offensive, disruptive or potentially dangerous conduct occurs while WPI students and faculty are abroad. Accordingly, WPI reserves the right to dismiss a student from the program on the basis of any observed conduct or behavior which causes WPI concern for the safety and well-being of students or others. The Dean of Interdisciplinary and Global Studies shall have the authority to make the final decision on dismissal from the program.

D. Academic Responsibilities

- 1) I understand that my participation in this program is subject to successful completion of all required preparation classes. I agree to attend all required orientation and re-entry meetings.
- 2) I understand that if I am placed on academic probation, I am no longer eligible to participate. The withdrawal refund policy stated above will apply.
- 3) WPI reserves the right to withdraw acceptance to students who are subsequently placed on academic warning. The withdrawal refund policy stated above will apply.

E. Medical Issues

- 1) I understand that there are certain risks inherent in travel to an off-campus program site and WPI cannot assume responsibility for all of my activities or medical needs. I understand that it is my responsibility to carry medical insurance that is valid at the off-campus site for the length of my stay.
- 2) I accept all financial responsibility for any medical treatment I receive while at the program site and understand that to obtain medical care abroad it is usually necessary to pay when the care is administered and seek reimbursement from my insurance company when I return home.

F. Legal Issues

- 1) I understand that as a non-citizen in a foreign country, I will be subject to the laws of that country. The use or possession of illegal drugs or other substances in violation of the laws of the host country or The Policies section of *The Campus Planner & Resource Guide*, before or during my participation in the program, can result in disciplinary action, up to and including my immediate dismissal from the program and legal action under the laws of the Commonwealth of Massachusetts and / or the laws of the host country.

G. Travel Issues

- 1) I understand that I am responsible for making my own travel arrangements and for arriving at the program site on the designated arrival date and remaining until the official departure date.
- 2) I understand that while WPI encourages students to travel during their free time, the university can take no responsibility for my safety during independent travel. I further understand that I must inform the faculty-in-residence of my travel plans.

H. Federal Compliance Issues

- 1) I understand there are Federal regulations regarding the export of information to foreign countries or foreign citizens, with which all of us at WPI must comply. WPI's emphasis on engineering programs makes us particularly sensitive to these regulations. If I take a laptop computer (or other type of computer digital storage device), I hereby assure WPI that I will not have any restricted information on that device as such action may be considered an export.

I have read, understand, and agree to abide by the above stated conditions of participation.

Participant Signature	date	site	term
Printed Name	student number	date of birth*	

**If participant is under 18 years of age, both parents and/ or legal guardian must also read and sign this form.*

I am the parent or legal guardian of the above Participant, have read the foregoing Participant Statement of Agreement Form (including such parts as may subject me to personal financial responsibility), and will be legally responsible for the obligations and acts of the Participant as described in this Participant Statement of Agreement Form, and agree, for myself and for the participant, to be bound by its terms.

Travel Information Form (Appendix A)

The IGSD must have a completed Travel Form and itinerary from you on file before you leave for their site. The IGSD keeps a copy of the form and itinerary and we send a copy with the faculty advisor. By doing this, the IGSD staff and the advisor(s) all will know when and where every student will arrive and will be alerted if there is a problem arises. Whenever possible, you will be met at a pre-agreed location depending on your itinerary.

You should understand that you are responsible for making your own travel arrangements, arriving at the program site on the designated arrival date, and remaining until the official departure date. If you are traveling by air, you must have confirmed reservations. Flying stand-by is not acceptable.

You and your family should also understand that while WPI encourages you to travel during your free time, the university can take no responsibility for your safety during independent travel. *You must inform your advisor of all travel plans and when you should be expected back on site.*

You may not take vacation days off from your project work, even if you have the permission of your project mentor. If you have an urgent family or academic or job-related need to travel away from the project site on a project work day, consult with the faculty member in residence before making any travel plans.

Health Update and Records Release Form (Appendix B)

The IGSD must have a completed Health Update and Records Release Form on file for you before you leave for your site. The IGSD keeps a copy and sends a copy with the faculty advisor in case of an emergency. You should list any medical conditions that could affect you while off-campus (i.e. epilepsy, diabetes, depressive episodes, etc.) Also, you must list any changes in your health not noted on medical records on file with WPI Health Services. Medical allergies must be listed, as well as prescription medications.

Two people need be listed as emergency contacts. These contacts should be people empowered to make a medical or legal decision on behalf of the participant (i.e., parent, guardian, living adult relative). Contact information for each must also be provided to the IGSD on this form: name, relationship, address, phone (home and work), and email.

You and your family should understand that there are certain risks inherent in travel to an off-campus program site and WPI cannot assume responsibility for every activity or medical need. It is your responsibility to carry medical insurance that is valid at the off-campus site for the length of the stay. You must accept all financial responsibility for any medical treatment received while at the program site.

All students traveling off-campus to participate in a WPI program are required to carry medical insurance that is valid at the program site for the entire length of the program. The IGSD must have the name of your insurance provider and your subscription number. It is your responsibility to make sure that you are covered for the entire length of the program while you are off-campus.

Voluntary Acknowledgment Form

All participants are required to sign a Voluntary Acknowledgment Form, which will be kept on file in the IGSD. The text of the form is below for your convenient referral. We hope that by asking participants to read and sign such a form that we remind them of the nature of their participation and the responsibilities which are assumed by the individuals.

ACKNOWLEDGEMENT and RELEASE

I acknowledge that I am voluntarily participating in the _____ (the "Program"), which is being offered by Worcester Polytechnic Institute (WPI). I further acknowledge that WPI has provided me with adequate information about the Program, both verbally and through written materials, and that I have read and understand such information. I agree to comply with any immunization or medical treatment necessary to participate in this program. I also acknowledge that any laptop computer (or other form of computer or digital storage device) that I may take abroad cannot contain any restricted information as such action may be considered an export subject to Federal control and regulation.

Assumption of Risk and Release of Claims. Knowing the risks described, and in consideration of being permitted to participate in the Program, I agree, on behalf of my family, heirs, and personal representative(s), to assume all the risks and responsibilities surrounding my participation in the Program. To the maximum extent permitted by law, I release and indemnify Worcester Polytechnic Institute, and its officers, employees and agents, from and against any present or future claim, loss or liability for injury to person or property which I may suffer, or for which I may be liable to any other person, during my participation in the Program (including periods in transit to or from any site in country where the Program is being conducted).

I HAVE CAREFULLY READ THIS AGREEMENT AND FULLY UNDERSTAND ITS CONTENTS.

Participant Signature _____ date _____

Printed Name _____ date of birth* _____

*If participant is under 18 years of age, both parents and/or legal guardians must also read and sign this form.

I am the parent or legal guardian of the above Participant, have read the foregoing Acknowledgement and Release Form (including such parts as may subject me to personal financial responsibility), and will be legally responsible for the obligations and acts of the Participant as described in this Acknowledgement and Release Form, and agree, for myself and for the Participant, to be bound by its terms.

WPI Policies and Services for Students at Off-Campus Sites

Informal Hearing Procedure at Off-Campus Residential Program Sites

Students at off-campus residential program sites, accused of violating the WPI code of conduct or any other WPI policy as outlined in the annual Campus Planner and Resource Guide shall be accorded an informal on-site hearing before a WPI representative designated by the dean of Interdisciplinary and Global Studies Division. The following guidelines will be applicable.

- a. Students will be informed of the complaint pending and the time, date and location of the informal hearing, in writing, at least two (2) days prior to the hearing. This notice should include a full description of the incident, names of witnesses, if any, and a reference to the section(s) of the campus code allegedly violated.
- b. The informal hearing shall be conversational in nature and non-adversarial.
- c. Before the hearing, the student shall be given the opportunity to consult with an on-site advisor of their choice or a member of the WPI community.
- d. During the hearing, the WPI representative shall elaborate on the nature of the complaint and present any evidence or witnesses in support of that complaint.
- e. The accused student shall have an opportunity to respond to the complaint and present any evidence or witnesses in response to the complaint.
- f. The WPI representative will make a determination of the student's responsibility for the complaint based on the outcome of the informal hearing.
- g. If the student is found responsible, the WPI representative must contact the dean of students or her/his designee to review the student's past record, if any, before a sanction is determined. The WPI representative must then consult with the Dean of Students Office and the director of global operations in the Interdisciplinary and Global Studies Division to determine an appropriate sanction for the offense.
- h. All decisions shall be final and not subject to appeal on site. The decision may be appealed to the dean of Interdisciplinary Studies Division once the student has returned to the WPI campus. Appeals may be submitted in writing to the dean of the Interdisciplinary and Global Studies Division within five (5) days of the start of classes of the term following the off campus project experience. The appeal must be specific and contain a full description of the basis for the appeal. Grounds for an appeal must be based on one or more of the following criteria:
 - i. Failure to follow the procedures outlined in the Campus Planner and Resource Guide;
 - ii. Inappropriate gravity of the sanction in relationship to the offense;
 - iii. That no reasonable person could conclude, on the basis of the evidence presented, that the accused was responsible.

The appeal will not be reviewed until after the start of the term following the off campus project experience when all parties involved have returned to the WPI campus.

- i. If the on-site WPI representative determines that continued presence at the project center by the student would constitute a danger to the safety of persons or property on the premises of the project center, a recommendation for interim suspension may be made to the vice president for student affairs or his/her designee.

Note: WPI's Academic Honesty Policy and the procedures described therein also apply to the off campus residential programs. The WPI representative must communicate with the dean of Interdisciplinary and Global Studies Division and Dean of Students Office before taking action.

WPI Housing

If you live in a WPI residence hall, it is your responsibility to notify Residential Services of your intended absence.

Mail Services

All students going off-campus must go to Central Mail to fill out the appropriate card to have their mailboxes closed and their mail forwarded. Failure to do so will result in mail staying in the student's mailbox for the entire term. All students are responsible for their own mailbox and are required to sign a forwarding card at Central Mail.

What can you expect to pay "out of pocket" toward your IQP while off-campus?

Current WPI policy states that students are expected to contribute \$50 per person per 1/3 unit of IQP work toward any out of pocket expenses encountered. This means that each student is expected to pay \$150.00 towards the completion of the IQP before asking for reimbursement of any kind. If you have a project team of 4 students, then the total contribution before being reimbursed is \$600. If you anticipate that your expenses will exceed this expectation, then you must submit a budget for your project. The on-site faculty advisor and Center Director must approve this budget prior to submission of any expenses to the IGSD. (Commuting costs are not reimbursable.)

Protocol for PCs for Off-Campus Project Centers – Appendix C

After you have turned in this completed form to the IGSD, at least one member of your group (although we suggest the entire group come so that the entire group takes equal responsibility for the equipment) is required to go to the ATC and reserve a laptop BEFORE pick-up on the specified date.

Students who participate in the Global Perspective Program are offered the opportunity to borrow laptop personal computers from WPI. This is not an entitlement to students, but rather a privilege extended to students. It is expected that the following protocol will be followed and the proper responsibility will be assumed by the students taking advantage of this opportunity. WPI does not have an unlimited supply of laptop computers to loan to students. If student teams are unable or unwilling to comply with the dates specified by the Academic Technology Center (ATC), the ATC reserves the right to refuse to accommodate that request. One PC per project team for each site as available:

Procedure

1. Each team will fill out an ATC Team Form (Appendix C). Kelly Donahue (from the IGSD) will send approved names to ATC. Every team member must meet all IGSD paperwork deadlines before names are sent to the ATC.
2. Person(s) responsible for PC will be required to register at the ATC and sign a statement accepting responsibility for the PC.
3. Person(s) responsible for PC should be the member of the team with the tightest travel schedule. Arrangements can be made for one person to pick up the PC and another member of the team to return the PC but, BOTH people must register when the reservation is made with the ATC.
4. It is strongly recommended that everyone in the group sign the ATC's reservation form. The ATC will hold only signing parties financially responsible for damage beyond normal wear and tear and/or any fees incurred.

Reservations

1. Make your reservation early for your PC. You must go to the ATC to make your reservation with your WPI ID card. At the time of reservation you must be specific about the dates and times of pick-up and return of the equipment and about your hardware requirements. Be as specific as possible about what you will be using the PC for: (e.g. word processing, spreadsheets, data analysis, etc.) PCs are reserved on a first-come, first-serve basis. Avoid last minute changes as they may not be able to be accommodated.
2. If two people are responsible (one for pick up, one for return) BOTH must go to the ATC to register before leaving campus. If arrangements have been made for a faculty member to return the PC, then the faculty member must send confirming email to Mary Beth Harrity (mharrity@wpi.edu) before the PC will be released.
3. Modems, ethernet cards and other misc. hardware are in limited supply and must be requested at the time the

reservation for the PC is made.

4. Upon request, the ATC can provide external drives that can be attached to the laptop.
5. Pick-up and Return deadlines will be strictly enforced. If the laptop computer is not returned to the ATC on the agreed upon date, your group will be charged a \$50 per business day late fee.

Software

1. All PCs will be loaded with Windows, MS Office, Explorer and communications software. The ATC does not provide or load software other than this.
2. If students load their own software it must be removed prior to returning the PC to the ATC.
3. If you significantly alter the original configuration of the laptop (e.g. install a different operating system), your group will be charged a \$50 software re-installation fee.

Picking up the PC

You must have your WPI ID card in order to pick up the PC assigned to you.

Acceptable Use Policy Regarding Computers (WPI laptops, sponsor PC's, WWW use)

At a minimum, you must adhere to the WPI Acceptable Use Policy (<http://www.WPI.EDU/Pubs/Policies/>) whether using WPI computer resources or your housing provider or sponsor's resources. Your housing provider or sponsor may have more restrictive computer and web use policies and those must be followed. It is your responsibility to determine what your housing provider or sponsor's policy is and to comply with it. Using a housing provider or sponsor's network(s) or computer(s) for recreational use (defined as non-project related use – on or off the web) is not permitted. Violators will be subject to disciplinary actions.

Money Matters

The IGSD recommends the following modes of carrying or accessing money.

Credit Cards

Some credit cards can be used for cash advances. However, be sure to monitor your charges carefully, so as not to exceed your limit. Leave all unnecessary cards at home. Record the numbers and expiration dates for the cards you take in a separate place. Always report the loss or theft of your credit cards immediately to the issuing companies and notify the local police.

Bank Cards

Probably the best way to access money is through the use of a Bank Card. In many stores you can use the Bank Card as a debit card or can directly access your money through local bank machines. Although there is usually a fee associated with an out-of-network transaction (typically \$1.00-1.50), this is a small penalty to pay for ready access to you money and the safety of such transactions.

Section 2 - Health and Safety Information

Safety

When traveling to an off-campus project site, there are a number of precautions you should follow in order to travel safely:

- Do not leave your bags or belongings unattended at any time. Security in airports and train stations are instructed to remove or destroy any unattended baggage. Do not agree to carry or look after packages or suitcases for individuals you do not know well. If someone approaches you to make such a request, tell security immediately. Make sure that no one puts anything in your luggage without your knowledge. Take all questions from airport personnel seriously and do not make jokes in response to security questions.
- Never keep all of your documents and money in one place or suitcase. You should make a list of all of your important numbers - credit cards, travelers' checks and airline ticket numbers. Leave a copy at home, and carry a copy with you, separate from your valuables.
- Do not leave money or other valuables in the hotel room. Use the safety deposit boxes available at the reception desk.
- **Always keep your faculty advisors informed of your whereabouts. If you plan to travel during the term, you must give your advisor an itinerary in writing. You must be accounted for every weekend whether you are traveling or not, (see Appendix E.)**
- **The IGSD will notify the parents of students who fail to return from a weekend excursion at the predetermined time. If you are delayed you MUST contact your resident faculty advisor to inform them that you are safe.**
- Have sufficient funds or a credit card on hand to purchase emergency items such as train or airline tickets.
- Always be careful about traveling alone.
- **All WPI students who are participating in the Puerto Rico D2011 Project Center and program are expected to behave in a manner so as to not put themselves at risk.**
- **You have an obligation to look out for your group's members and yourself. This means that if you observe another student engaging in risky behavior, you should report the behavior to either of the faculty advisors. The faculty advisor will then address the issue with the student at risk. Repeated behavior identified as risky can result in disciplinary action up to and including immediate dismissal from the program.**
- Dress appropriately.
- Do not flash money or documents in public places.

Drugs

As articulated in the Drug and Alcohol Policy in the WPI Code of Conduct, students may not possess, use, or distribute illicit drugs or possess drug related paraphernalia. If there are any complaints or evidence of illicit drug use, your Faculty Advisor(s) and the Director of Global Operations in the IGSD will initiate and follow the steps outlined in the "Informal Hearing Procedure at Off-Campus Residential Program Sites" to fairly investigate and adjudicate the matter. Drug policy violations are taken very seriously and could result in sanctions up to and including dismissal from the program.

RENTAL CAR ISSUES

WPI students working on an academic project while on-site are strongly discouraged from renting a car during their time in the program. Known risks include road safety, familiarity with road conditions, and the condition of the vehicles available for rent the possibility of standing out as a tourist/foreigner. If students choose to rent a car, they do so at their own risk.

Safety If You Rent a Car¹

When you rent a car, don't go for the exotic; choose a type commonly available locally. Where possible, ask that markings that identify it as a rental car be removed. Make certain it is in good repair. If available, choose a car with universal door locks and power windows, features that give the driver better control of access to the car. An air conditioner, when available, is also a safety feature, allowing you to drive with windows closed. Thieves can and do snatch purses through open windows of moving cars.

- Keep car doors locked at all times. Wear seat belts.
- As much as possible, avoid driving at night.
- Don't leave valuables in the car. If you must carry things with you, keep them out of sight locked in the trunk.
- Don't park your car on the street overnight. If the hotel or municipality does not have a parking garage or other secure area, select a well-lit area.
- Never pick up hitchhikers.
- Don't get out of the car if there are suspicious looking individuals nearby. Drive away.

Patterns of Crime against Motorists

In many places frequented by tourists, including areas of southern Europe, victimization of motorists has been refined to an art. Where it is a problem, U.S. embassies are aware of it and consular officers try to work with local authorities to warn the public about the dangers. In some locations, these efforts at public awareness have paid off, reducing the frequency of incidents. You may also wish to ask your rental car agency for advice on avoiding robbery while visiting tourist destinations. Carjackers and thieves operate at gas stations, parking lots, in city traffic and along the highway. Be suspicious of anyone who hails you or tries to get your attention when you are in or near your car. Criminals use ingenious ploys. They may masquerade as good Samaritans, offering help for tires that they claim are flat or that they have made flat. Or they may flag down a motorist, ask for assistance, and then steal the rescuer's luggage or car. Usually they work in groups, one person carrying on the pretense while the others rob you. Other criminals get your attention with abuse, either trying to drive you off the road, or causing an "accident" by rear-ending you or creating a "fender bender."

In some urban areas, thieves don't waste time on ploys, they simply smash car windows at traffic lights, grab your valuables or your car and get away. In cities around the world, "defensive driving" has come to mean more than avoiding auto accidents; it means keeping an eye out for potentially criminal pedestrians, cyclists and scooter riders.

Annual Global Road Crash Statistics²

- Nearly 1.3 million people die in road crashes each year, on average 3,287 deaths a day.
- An additional 20-50 million are injured or disabled.
- More than half of all road traffic deaths occur among young adults ages 15-44.
- Road traffic crashes rank as the 9th leading cause of death and account for 2.2% of all deaths globally.

¹ This information was taken from the U.S. State Department's website.

² This information was taken from the Association for Safe International Road Travel's (ASIRT) website: www.asirt.org

- Road crashes are the leading cause of death among young people ages 15-29, and the second leading cause of death worldwide among young people ages 5-14.
- Each year nearly 400,000 people under 25 die on the world's roads, on average over 1,000 a day.
- Over 90% of all road fatalities occur in low and middle-income countries, which have less than half of the world's vehicles.
- Road crashes cost USD \$518 billion globally, costing individual countries from 1-2% of their annual GDP.
- Road crashes cost low and middle-income countries USD \$65 billion annually, exceeding the total amount received in developmental assistance.
- Unless action is taken, road traffic injuries are predicted to become the fifth leading cause of death by 2030.

Annual United States Road Crash Statistics

- Over 37,000 people die in road crashes each year
- An additional 2.35 million are injured or disabled
- Over 1,600 children under 15 years of age die each year
- Nearly 8,000 people are killed in crashes involving drivers ages 16-20
- Road crashes cost the U.S. \$230.6 billion per year, or an average of \$820 per person
- Road crashes are the single greatest annual cause of death of healthy U.S. citizens traveling abroad

Health Issues: HIV and AIDS Information

Acquired immunodeficiency syndrome (AIDS) is a severe, often life-threatening, illness caused by the human immunodeficiency virus (HIV). The incubation period for AIDS is very long and variable, ranging from a few months to many years. Some individuals infected with HIV have remained asymptomatic for more than a decade. Currently, there is no vaccine to protect against infection with HIV. Although there is no cure for AIDS, treatments for HIV infection and prophylaxis for many opportunistic diseases that characterize AIDS are available.

The universal precaution to prevent infection of either AIDS and/or HIV is to assume that everyone you meet has these diseases. While this may seem extreme, there is no way to judge from looking at someone whether or not they have been exposed to these illnesses or if, in fact, they are infected.

HIV infection and AIDS have been reported worldwide. The number of persons infected with HIV is estimated by WHO to be approaching the range of 18 million worldwide. Because HIV infection and AIDS are globally distributed, the risk to international travelers is determined less by their geographic destination than by their sexual and drug using behaviors.

Transmission and Prevention Information

The global epidemic of HIV infection and AIDS has raised several issues regarding HIV infection and international travel. The first is the need of information for international travelers regarding HIV transmission and how HIV infection can be prevented.

HIV infection is preventable. HIV is transmitted through sexual intercourse, needle or syringe sharing, by medical use of blood or blood components, and perinatally from an infected woman to her baby. HIV is not transmitted through casual contact; air, food, or water routes; contact with inanimate objects; or through mosquitoes or other arthropod vectors. The use of any public conveyance (e.g., airplane, automobile, boat, bus, train) by persons with AIDS or HIV infection does not pose a risk of infection for the crew or other passengers.

Increased risk for contracting AIDS and HIV

Travelers are at risk if they:

- have sexual intercourse (heterosexual or homosexual) with an infected person;
- use or allow the use of contaminated, unsterilized syringes or needles for any injections or other skin-piercing procedures including acupuncture, use of illicit drugs, steroid or vitamin injections, medical/dental procedures, **ear or body piercing, or tattooing;**
- use infected blood, blood components, or clotting factor concentrates. HIV infection by this route is a rare occurrence in those countries or cities where donated blood/plasma is screened for HIV antibody.

People should avoid sexual encounters with a person who is infected with HIV or whose HIV infection status is unknown. This includes avoiding sexual activity with intravenous drug users and persons with multiple sexual partners, such as male or female prostitutes. Condoms, when used consistently and correctly, prevent transmission of HIV. Persons who engage in vaginal, anal, or oral-genital intercourse with anyone who is infected with HIV or whose infection status is unknown should use a condom.

For the information made available by the Center for Disease Control, please go to the following web address

General Policies and Important Things to Remember

- There can be *no overnight guests* in any accommodations acquired and provided by WPI for use by the Project Center students.
- Charges for any damages to housing, WPI property on site, the property of our host institutions, or project sponsors will be charged to your WPI account. When responsibility for damages to housing cannot be assigned to an individual student, all students in the housing unit will be charged an equal share of the cost. An official hold will be placed on all records until all payment responsibilities are satisfied.
- If you are dismissed from a program for any reason you will not be refunded any costs involved and are subject to charges for any unrecoverable housing costs or program expenses advanced on your behalf.
- All policies governing acceptable behavior as printed in “The Policies” section of *The Campus Planner & Resource Guide* apply to participants at an off-campus program site. The authority for adjudicating alleged violations of the WPI Code of Conduct while at an off-campus program site lies with the on-site WPI representative in accordance with basic due process.
- *You must always keep the resident faculty advisors informed of your whereabouts. If you plan to travel during the term, give your advisor an itinerary.*
- **The IGSD will notify your parents if you fail to return from a weekend excursion at the predetermined time. If you are delayed you MUST contact your faculty advisor to inform them that you are safe.**
- As a WPI student at an off-campus program site, you represent your institution and will behave as an ambassador for it. Grounds for dismissal may also be found in behavior disruptive to the group as a whole, disruptive sexual behavior, or disruptive, violent, or destructive behavior in student housing.
- You may not take vacation days off from your project work, even if you have the permission of your project mentor. If you have an urgent family or academic or job related need to travel away from the project site on a project work day, consult with the faculty member in residence before making any travel plans.

Violations of any of these policies can result in disciplinary action up to and including immediate dismissal from the program.

Section 3 – Site Specific Information

Arrive on site: Saturday, March 12, 2011

Depart site: Thursday, May 5, 2011

I. City Lay-out.

The San Juan metropolitan area is divided into sections according to the small towns and areas it has gobbled up in its growth. Names with which to familiarize yourself are The Condado, in which you will be staying; Hato Rey; Santurce; Old San Juan; Rio Piedras; and Bayamón.

II. Mail.

Your mail will be picked up daily by one of the professors at the Mail Boxes Etc. down the street. Please instruct anyone who might write to you or mail you a package to send it addressed to you in care of Bob Konicki or John Delorey. The address is:

PMB # 80
1357 Ashford Avenue. Ste 2
San Juan, Puerto Rico 00907-1420
ATTN: Svetlana Nikitina or Reinhold Ludwig

Puerto Rico is served by U.S. mail, so a first class stamp is all you need for a first class letter.

The Condado is one of the oldest and nicest residential areas in the city. It is also a prime tourist area, as many of the best hotels share this street with this condo and others.

Your residence address is:

Ashford Imperial at 1302 Ashford Avenue, San Juan, Puerto Rico. This is not your mailing address and NO mail will be received there.

The Ashford Imperial has a guard in the attendance at all times. There is also an outdoor pool, and there are laundry facilities in the building. You will find small grocery stores, fast-food restaurants (very nice ones), a very complete and large Walgreens, a fitness center, clothing stores, and banks within a block of the residences. A large supermarket, Pueblo, is also within walking distance. The accommodations are across the street from the beach.

Consistent with WPI's Residence Hall policy there are no pets allowed in project center housing. Violation of this policy can result in your termination from a residential project center.

III. Hotel.

When you arrive, make a list of all damaged equipment and furniture and give it to your advisors. This is important so that we can ensure that you will not be held responsible for existing damages. You should keep a copy for yourself. You must keep the room assignments you receive.

IV. Telephones and Electricity.

Your telephone will be set up so that only local calls can be made. You will need a calling card for most calls. Your housing fee includes an allowance for electricity. If you leave the air-conditioning on during the day, you will exceed the allowance and will be billed for the extra electricity. The same applies to telephone calls. Local calls incur a unit fee. If you use the telephone for local calls within the building, you will be billed for the excess use. DO NOT use the telephone as an intercom. The ordinary allowance should be ample for local calls for other purposes.

Wireless connection is available in the lobby.

V. Accommodations.

Each apartment is equipped with furniture, bed linen and towels, often a vacuum cleaner, and an iron and ironing board. You will be doing your own housekeeping. The kitchens are equipped with enough glassware, utensils, silverware, dishes, and pots for survival. You may want to bring along a vegetable peeler and a favorite knife or two. You can readily purchase anything you need. You will need to check with your roommates and decide who will bring a hair dryer. You will not need three in a room. Closet and other storage space is very limited, so travel light.

Apartments are owned by individual absentee landlords. Therefore, equipment or furniture found in one apartment may not be moved to any other. The landlords' agent reserves the right to send in a cleaning crew at your expense if you do not wash your dishes and take out garbage daily or if you otherwise abuse the apartment. The charge for the cleaning each time is \$40 and will be billed to your tuition bill in the next term as will any charges for damages.

Because we have contracted for the housing based upon your occupancy only, no guests are allowed overnight in our housing. Any breaches of this rule will result in all occupants of the apartment being held equally responsible and liable for disciplinary action as well as charges for the extra person. The rental staff can arrange for another apartment for your guests if you give them adequate notice.

Once or twice, romantically involved students have engaged in behavior that has made roommates uncomfortable. Please be considerate.

VI. Automatic Teller Machine, Post Office and Food Shopping.

All of these services are readily available. You will find banks having all of the usual ATMs, complete with networks to your banks, on your street. Postal services, too, are available at U.S. Post Offices in the various neighborhoods. There is a wonderful, enormous, completely stocked supermarket within walking distance. You can walk there and return by "shopping taxi"—cabs that wait in the parking lot for shoppers and transport them, for a very low fee, back to their homes. Or you may wish to purchase a shopping cart to haul your things while walking, or, of course, you may even tote your own bags.

VII. Transportation

San Juan's bus system is generally adequate for getting to work.

This rule is WPI policy: If you rent cars on the weekend, it is your responsibility to make sure that you have adequate insurance. Therefore, you should know ahead of time what insurance you already carry.

VIII. Medical /Mental Health/Dental Services

There is excellent medical care available on the island. Check to make sure that your stateside medical insurance will allow you to be treated in Puerto Rico. Two blocks from the condo, is the Ashford Medical Center. Also, the Pavia Hospital provides excellent care. We have access through our friends in Puerto Rico to the names of any excellently trained doctors or dentists who you can see, if necessary. In most cases, the doctors have been to medical school on the mainland U.S. or have completed residencies on the mainland. You must remember to bring your medical insurance card with you, but you will have to pay on the spot for most services. For that reason, you should have a credit card. Students have run into serious trouble occasionally because of lack of a way to pay for medical services on site. Please prepare for potential emergencies.

Dental

Dr.Hector Caolo 411 Del Parque St. 787-722-4092

Dr. Encarnita Carro 1416 Ponce De Leon Ave. 787-722-3290

Dr. Jose Disla 179 Taft St.787-725-1703 (this one seems the nearest)

IX. Money.

Most students find that the amount they budgeted is not enough; account for miscalculation because you cannot cash a Massachusetts check in Puerto Rico. The most straightforward way to handle your money is by purchasing travelers' checks before you arrive in Puerto Rico. If you or your parents are AAA members, you can get the travelers checks without charge. Remember to account for food, laundry, entertainment, and miscellaneous. If you have a credit card (VISA or MasterCard), you can receive a cash advance from any commercial bank. However, you are charged a fee for

the service at the time the advance is given. Your parents can wire money to you at a commercial bank in extreme emergencies, or you can use your bankcard at ATM machines all around the city.

X. Communication.

Communication between faculty and students at the Puerto Rico Project Center is usually easy. Some faculty designate a student or two to be the contacts for all students. Other faculty use Post Its on their door and ask the students to check the door several times a day.

XI. Dress Code.

It is always summer in Puerto Rico. Temperatures range from the low 80's to the high 80's, and it is humid. Bring summer clothes only and a light sweater or two for the mountains in case you stay overnight there. Obviously you will need bathing suits. Bring #30 or higher sun block; the tropical sun is dangerous. This is no joke. You will have a great tan after a few short days even if you wear sun block every day.

Ask your liaison before you arrive what the dress code is. In most agencies, professional dress is required at all times at the agencies. Jackets and ties are not required for men in most cases; follow the custom of your agency. However, men may want a jacket for final presentations. Female dress is more formal in Puerto Rico than here, so professional looking skirts and blouses, dresses, and summer suits are necessary. Professional women may wear pants to work, but they are dressy. Khakis are not appropriate, nor are casual baggy pants or tee or golf shirts. Halters, bare midriffs, and very short skirts are also not appropriate.

XII. Meetings.

Please note that all Center meetings and weekly faculty meetings at agencies are considered mandatory. If another meeting comes up that conflicts with these, make sure that you have prior approval of your faculty.

Also, please keep in mind that the time of your organization liaisons is valuable. However, you are entitled to some regular contact with your liaisons, who are the lifelines to your projects.

Occasionally, a group will feel some pressure from the agency to go beyond the bounds of what reasonably can be accomplished in seven weeks. If such is the case with your team, enlist the help of your advisor early to negotiate with the agency a way to contain the project.

XIII. Required Books and Other Materials.

Bring your C-Term books and writing cribs. Also bring a statistics manual if you are analyzing statistical data.

1. Dictionaries for both English and Spanish.
2. The writing text book assigned for ID2050.

XIV. The Beach and Sightseeing.

Puerto Rico is rich in Hispanic heritage. There are numerous guidebooks that are commercially available to help you plan leisure time. Plan to get out of San Juan occasionally to see the sights.

XV. Relationships at Agencies.

We hope you will meet people at your agency so that you can develop some social relationships. Sometimes, liaisons invite students to their homes, for example, or colleagues and students socialize outside of business hours.

The drinking age in Puerto Rico is eighteen. However, please keep in mind that you are expected to act professionally at all times. WPI's Code of Conduct follows you to Puerto Rico. In addition, our students are not permitted to have alcohol or consume alcohol in the building or on the grounds, including at the swimming pool. We consider breaking this rule to be very serious, so you should take this as the official warning. You may not use the pool after hours, even if a guard says you can.

Breaking these rules will lead to serious consequences and jeopardize your stay in Puerto Rico. The NO alcohol in the building or on the grounds rule is a result of your predecessors poor behavior and judgment. Blame them. We cannot jeopardize our housing. You will be staying in a place that we have used for nearly 20 years and that is the only place in San Juan that we have found suitable and that will take students.

You are at the Puerto Rico center to complete a substantive academic effort. Undoubtedly, you will be tempted to cut days short so that you can go to the beach because it will feel like summer to you after a long winter in Worcester. However, you are expected to work full days at your organization, the same hours as the regular employees. Any variance must be cleared by your advisors. The work day generally does not end until 5 o'clock at the earliest, so sunbathing will have to wait until the end of the day or the weekends. Your participation in this center means that you have agreed to honor the work rules. Please do not compromise your satisfactory completion of your project by ignoring the full-time work requirement.

XVI. Relationships with Student Colleagues.

Occasionally, we have had incidents of excessive drinking by students and even sexual harassment by students against other students. Sometimes, what may seem like a practical joke is perceived very differently by your colleagues. Be sensitive.

Remember that being off campus does not release you from being held to the WPI Code of Conduct at all times. Faculty have the right to discipline students and even to send them home for breaches of conduct.

Section 4 – Transition

“In a sense, it is the coming back, the return, which gives meaning to the going forth. We really don't know where we've been until we come back to where we were - only where we were may not be as it was because of who we've become, which, after all is why we left.” - Bernard, *Northern Exposure*

While you are not entering a “foreign” culture to do your project in Puerto Rico there are aspects of working in a highly charged, professional culture that may result in the same symptoms as culture shock. For this reason we have included the information below.

Experiences in Transition

adapted from an article by Janet Bennett, Intercultural Communication Institute, Portland OR

Culture Surprise

Culture surprises are the reactions, which occur shortly after arrival in a different culture when we see things that are different than we are used to. It usually occurs within the first few days after arrival as we become aware of superficial differences: modes of dress, signs in a different language, nonverbal behaviors.

Culture Stress

Culture stress manifests itself in the fatigue that occurs when we practice new behaviors in a different culture. This occurs as we respond to the behavior of the new culture and try to fit in by doing our own shopping, understanding comments made about us in the local language, learning to navigate public transportation and other attempts to adjust to the new culture.

Culture Shock

Culture shock is a state of loss and disorientation precipitated by a change in our environment that requires adjustment. It results from confronting values different from our own and from the loss of a familiar network and environment. It is a normal healthy reaction to the stress of living in a different culture. Everyone who has spent time living in another culture, experiences some form of culture shock.

Symptoms of Culture Shock

Symptoms can be both physical and psychological, and can include: headaches, stomach aches, dizziness, rashes, nausea, irritability, insomnia or excessive sleepiness, depression, loneliness, withdrawal paranoia, anger, aggression, hatred, fear, crying, complaining, self-doubt, boredom, helplessness, confusion, and feelings of inadequacy. This list is not exhaustive.

Prescription for Culture Shock

adapted from an article by Bruce LaBrack, Summer Institute for Intercultural Communication

1. Understand the symptoms and recognize the signs of culture stress.
2. Realize that some degree of discomfort and stress is natural in a cross-cultural experience.
3. Recognize that your reactions are largely emotional and not easily subject to rational management.
4. Gather information *before* you go so at least the differences will be anticipated. Knowledge is power.
5. Look for the logical reasons behind host culture patterns. Discover why things are done the way they are.
6. Relax your grip on your normal culture and try to cheerfully adapt to new rules and roles.
7. Don't give in to the temptation to disparage what you do not like or understand. It probably won't change.
8. Identify a support network among colleagues in your agency, team members, other students and faculty advisor. Use this network, but do not rely on it exclusively.
9. Understand that this is a passing phase of what will be, in retrospect, a time of great learning and personal growth.
10. Give yourself quiet time, some private space, and don't be too hard on yourself.

Appendix A - Travel Information Form

You must attach a copy of your travel itinerary provided by your travel agent or airline, in addition to completing this form. No handwritten itineraries will be accepted.

All students intending to complete a project at a WPI project site are asked to provide the IGSD with information about their travel arrangements. This will notify the faculty advisor, on-site coordinator and IGSD staff of your expected arrival date and time and alert them if a problem arises. *For some sites* this information is needed in order to arrange to have students met at the airport.

You must bring your passport into the IGSD to be scanned, unless you are participating in a project program within the U.S.

Name:	Site:	Term:

(Please make sure you check one of these options for transportation from Heathrow Airport to IES)

Appendix B - Off-Campus Students' Health Update and Records Release Form

Name _____ Project Site _____ Term _____

All students traveling off-campus to participate in a WPI program are required to carry medical insurance that is valid at the program site for the entire length of the program. Please verify this with your insurance company and list the name of your carrier and your policy number.

Carrier _____ Policy Number: _____

Do you have any medical conditions that could affect you while off-campus of which you would like to make the IGSD aware? (i.e. epilepsy, diabetes, depressive episodes, etc.) Also, please list any changes in your health not noted on your medical records on file with WPI Health Services.

Are you allergic to any medications? If so, please list them.

List any prescription medicines you are currently taking.

When traveling off-campus it is a good idea to take a supply of your prescription medications sufficient to last for the length of the trip. Prescription medicines should always be kept in the original containers with the prescription label to avoid problems with customs. It is also important to take along a copy of the prescription from your physician, clearly written, in generic terms, and with an indication of the condition being treated.

In the event of an emergency, please contact:

1. Name _____ Relationship to Student _____
 Address _____
 _____ email _____
 Cell Phone #: _____
 Home Telephone: _____ Work Telephone: _____

2. Name _____ Relationship to Student _____
 Address _____
 _____ email _____
 Cell Phone #: _____
 Home Telephone: _____ Work Telephone: _____

I hereby authorize WPI health services to release my medical records to the Interdisciplinary and Global Studies Division in the event of a medical emergency while studying off-campus. *I hereby acknowledge that it is my responsibility to contact my health insurance provider to determine that I am covered while at an off-campus project site.*

Signature _____ Date _____

Appendix C - ATC Team Form

(one per team)

After you have turned in this completed form to the IGSD, at least one member of your group (although we suggest the entire group come so that the entire group takes equal responsibility for the equipment) is required to go to the ATC and reserve a laptop BEFORE pick-up on the specified date.

Project Site: _____

Pickup person: _____

Return person: _____

names of
team members: _____

If you can not pick up and return this PC within the specified dates, then you will need to make alternative arrangements: the ATC can *not* accommodate you.

Dates: pick up on or after: **March 8, 2011**

return on or before: May 10, 2011

Appendix D – Onsite Travel Form

On Site Travel Form

Name _____ Cell phone number _____

Destination _____

Date & time of departure _____ Date & time of return _____

Mode of Transportation – Roundtrip

Train Bus Air Car

Departing from the Site Information

Time of Departure			
Number of flight/train/bus		Airline/train/bus carrier	
Departing from (name of airport, station, terminal)			
<i>* Connection Information if applicable:</i>			
Number of flight/train/bus		Airline/train/bus carrier	
Departing from	time	Arriving to	time
Number of flight/train/bus		Airline/train/bus carrier	
Departing from	time	Arriving to	time

Returning to the Site Information

Returning from:			
Time of Departure			
Number of flight/train/bus		Airline/train/bus carrier	
Departing from (name of airport, station, terminal)			
<i>* Connection Information if applicable:</i>			
Number of flight/train/bus		Airline/train/bus carrier	
Departing from	time	Arriving to	time
Number of flight/train/bus		Airline/train/bus carrier	
Departing from	time	Arriving to	time

Lodging (please call advisor with any changes to your reservations)

Name of hotel	Name of hotel
Address	Address
City and country	City and country
Phone number	Phone number

List other students who are traveling with you on this *exact* itinerary:

Check this box if you are staying on site in WPI provided housing for the entire weekend.

Student Signature _____ Date _____

Every student or group of students must turn this form into an advisor before 12:00 noon every Friday – in other words, every student must be accounted for

Appendix E – Car Responsibilities at a project site

If you choose to bring your own car or to rent a car, you assume all risks involved in the use of the car. The following paragraphs provide some general advice about car usage.

If you use your own car:

1. Make sure you have *valid insurance coverage*.
2. Make sure you carry your insurance papers with you in your car.
3. Make sure you have a recent registration in your car and that it will not expire while you are at the project site.
4. If your car is registered in a state that requires a safety and/or emissions inspection, make sure it is up to date and will not expire while you are at the project site.

If you rent a car:

1. The rental agreement is a contract between you and the rental company. Make sure that you read and understand the entire rental agreement. In particular, the rental agreement determines your liability in case of an accident or damage to your car, and any restrictions on the use of the car.
2. Make sure that you understand the insurance options being offered by the rental company, and that you select insurance coverage appropriate to your situation. If your or your parents' automobile liability insurance covers you when you are driving a rental car, you may not need to purchase liability insurance from the car rental company. Check with your insurance agent your credit card may cover you for damage to the rental car. Check with your credit card issuer. If you are planning to rent a car for a long period, you should make sure that your own insurance or your credit card will cover a long-term rental.
3. If you are involved in an accident or if your rental car is damaged, inform the car rental company right away.

If you use a car:

1. Do not drink and drive! If you are cited for drunk driving or any other infraction involving drinking and driving, you will be on your own! WPI assumes no responsibility for your operation of your own vehicle or any vehicle you are traveling in while participating in the Program.
2. If you have an accident or are cited for any reason, tell your advisor(s) immediately!
3. Safety is the most important issue while using your car or being a passenger in a car while participating in the Program!
4. Bring an extra car key and either keep it in a safe place in your apartment or give it to someone you trust and will be available should you lose your key or lock yourself out of your car.

I acknowledge that I have received, read and understand the above text describing "car responsibilities" while participating in the WPI Project Program.
