Tuition Assistance Plan

For employees who have worked a minimum of 1,450 hours or more for three (3) years of continuous service, WPI will provide financial assistance for the undergraduate university education of dependent children of employees (as defined by the IRS), and the undergraduate and graduate education of full-time employees and their spouses or domestic partners. All employees who intend to utilize the tuition benefit may be required to complete the annual tuition survey indicating their intent to use the benefit.

If an employee elects to distribute the assistance between WPI and other Universities, attendance at WPI reduces the total sum available at other Universities by $5,200 per academic year. Part time enrollment reduces the total sum of semesters available.

The tuition assistance benefit continues for an employee’s dependent children if the employee retires, dies, becomes totally disabled during service, or is on a leave (FMLA, maternity/adoption, or military) while the dependent is utilizing the tuition assistance benefit.

An outline of the tuition benefits for employees, children of employees, and spouses or domestic partners follows:
