

Worcester Polytechnic Institute Export Controls Compliance Review

It is important that WPI and its researchers are familiar and comply with the export control laws and regulations that govern research funding. Identifying proposals subject to export control laws and regulations early in the funding process, aids in efficient and effective contract negotiations.

Please use this tool to determine if compliance with export control regulations applies to your proposal.

Does this proposal, project, or agreement:	YES	NO
a. Contain language referring to or mandating compliance with export laws or regulations?		
b. Restrict researcher participation (faculty, student, others) based on country of origin or citizenship?		
c. Prohibit the involvement of foreign persons or entities?		
d. Contain restriction on foreign travel?		
e. Require researcher to participate in meetings with U.S. citizens only?		
f. Grant the sponsor the right of prepublication review for matters other than the inclusion of patent and/or proprietary sponsor information?		
g. Provide that any part of the sponsoring, granting, or establishing documents may not be disclosed?		
h. Limit access to confidential data?		
i. Accept proprietary information as part of the project?		
j. Involve materials, equipment or technology that may be regulated by export control laws?		

If the answer to any of these questions is "Yes," or if you have other questions related to export controls, please contact the Office of Research Administration.
