

The Student Night Assistance Program, also known as the SNAP Program, was created to provide safety transportation to the WPI students, faculty, and staff to/from the campus within one (1) mile radius. Some exceptions may be authorized by extenuating circumstances.

The SNAP Program consists of two identified WPI white vans with the SNAP contact telephone number. Please take into consideration both pedestrian and vehicle traffic volume, inclement weather, and the loading and unloading of passengers. Check out the SNAP safety tips by visiting the WPI Police website.
