# Campus Center and Student Activities

100 Institute Rd.

Worcester, MA

508-831-5291

sao@wpi.edu

## 3, 2, 1 Contact!

### Group Size

Small, Medium, Large

### Estimated Time

5-10 Minutes

### Materials Needed

- Clock or timer

### Instructions

1. Instruct the participants to form groups of three members each
2. Explain that, upon a signal, members of each group of three will have two minutes to discover one unusual fact they share in common. Emphasize that the common item should be very specific (for example, all were born in the same state).
3. Signal for the activity to begin, then call time after two minutes
4. Ask for examples of the unusual facts that were discovered.
5. Direct the participants to form new groups of three members each and to repeat the process. Continue this procedure as time allows
