

# WPI Environmental Studies Program Film Series

## MANUFACTURED LANDSCAPES

FULLER/PERREAU HALL,

WEDNESDAY, DECEMBER 2, 2009, 7:00-9:00 P.M.

**“The effect is stunning, and so are the other images captured in this remarkable film about the most important issue of our Lifetime—the fate of the Earth. “**

**- J. Griffin, Montreal Gazette, 12/11/2006**

**“This is not an environmental film, it’s about shining light on our cycle of consumption and waste.” Jennifer Baichwal , Producer, *Manufactured Landscapes***

#### **Awards**

**Best Documentary Feature—Toronto Film Critics Association**

**Best Canadian Feature—Toronto Film Festival**

The Environmental Studies Program Film Series offers the WPI community a venue to view and discuss important environmental and social justice issues of our time. This annual series presents four films a year, one during each term. If you have a comment about the series, a suggestion for a film, or
