

## WPI Tuition Exchange Program (TE)

**TE Imports** – prospective and current WPI students whose parents work at a Tuition Exchange institution who are interested in applying for a Tuition Exchange Scholarship at WPI.

### *Overview of the TE Import process at WPI.*

WPI is a member of the Tuition Exchange Program, a higher education consortium that provides scholarships to dependent children of college and university employees whose children attend participating colleges and universities. A list of over 600 colleges and universities that participate in the TE Program can be viewed at the Tuition Exchange website <http://www.tuitionexchange.org>.

Students who are eligible through their parent's employer to apply for Tuition Exchange and who wish to apply to WPI should contact the Tuition Exchange Liaison Officer at his/her sponsoring institution for information on applying for the scholarship. For each academic year, the scholarship will be awarded to a limited number of students who are planning to enter their first year of college in the fall. WPI Tuition Exchange Scholarships are only offered to transfer and current year students if there are available slots at the beginning of the academic year.

All Tuition Exchange scholarship application requests must be received by the WPI Tuition Exchange Liaison Officer no later than **March 1, 2023**.

The Tuition Exchange process is separate from the admissions process at WPI. WPI Admissions information may be obtained by contacting the Office of Admissions.

You must be admitted to WPI to be considered for a Tuition Exchange scholarship. WE recommend that you apply Early Action. Applications for need based Financial Aid (FAFSA / CSS PROFILE) are not required to be considered for Tuition Exchange, however we recommend all Tuition Exchange candidates apply for financial aid. Once a student's TE export application is received by WPI, the WPI Office of Student Aid & Financial Literacy will send out a confirmation letter to the student informing him/her of the following notification dates:

| <u><i>Admission Type</i></u>  | <u><i>Decision date on WPI TE Scholarship</i></u> |
|---|---|
| Early and Regular Decision Applicants                                     | 1 <sup>st</sup> week of April                     |
| Fall Transfer Applicants<br>(Spring Transfer applicants are not eligible) | by August 15                                      |
| Upper-class current students  | by August 15                                      |

Please keep in mind that because of the large number of TE Applications WPI receives, not all TE applicants will be offered a WPI TE Scholarship. While TE Applications are accepted from first year, transfer and current students, WPI initially awards WPI TE Scholarships to first year students. **First year students who are not selected for a Tuition Exchange scholarship at WPI are not held on a waitlist.** If there are slots still available, WPI will then offer a WPI TE Scholarship to transfer and current WPI students.

The WPI Tuition Exchange Scholarship for the 2023-2024 academic year is \$41,000. If you are offered this scholarship, **it will replace any WPI need based or merit scholarships you may have already been awarded.**

If you have any questions about the WPI Tuition Exchange Program, please do not hesitate to contact the WPI Tuition Exchange Liaison Officer.
