How do we assign labels to our complicated experiences of sexuality? In this interactive program, we will explore the landscape of sexuality, conduct a thought-provoking anonymous survey of those present, and look together at the data. Where do we fall on various sexuality continua? How do we label? How old were we when we came to our identities and to our sexualities? How asexual/sexual are we? How well do our friends/family members understand us? This program will expand your perspective and change the way you think about labels.
