2020 WPI Women’s Impact Network (WIN) Grant Guidelines

Purpose
The WPI Women’s Impact Network (WIN) is a group of WPI alumnae, parents and friends whose mission is to provide pathways to advance women at WPI through support of critical activities that create a positive impact in the WPI community. All WIN members will have the opportunity to vote for the final grant award selections, choosing projects that resonate with the members’ most meaningful causes and areas of focus.

Grant Applications

Eligibility/General Requirements for Applicants
The Women’s Impact Network (WIN) invites grant proposal applications for projects and initiatives from the WPI community, which meet the following, grant criteria:

- Provide pathways to advance women at WPI
- Increase the number of women in Science, Technology, Engineering, Mathematics (STEM) fields
- Create a positive difference for women in the extended WPI community
- Elevate WPI’s impact and extend its reach around the globe.

Various individuals and groups at WPI are eligible to apply for WIN Impact grants, including:

- Individual undergraduate or graduate students (requires a WPI faculty or staff sponsor)
- IQP, MQP, GQP or other project teams (requires a WPI faculty or staff sponsor)
- WPI student groups (requires a WPI faculty or staff sponsor)
- WPI faculty and staff
- WPI Alumni

The projects/initiatives receiving WIN grants can be independent projects, collaborative projects working between multiple disciplines at WPI, new programs, or partial support of an existing program. With the above criteria in mind, the following types of projects, programs and initiatives are considered appropriate for WIN Impact Grants:

- Funding for Professional and Leadership programs, including:
  - Programming related to the professional development training of women faculty, staff, students
  - Guest speakers who offer dialogue on women’s issues

- Funding for STEM related K-12 pipeline activities
- Seed money for entrepreneurial endeavors for women resulting from undergraduate, graduate and faculty research work
Application must include a detailed budget for full and partial funding amounts and an impact statement for the partial budget.

Please note the following expenses will not be considered:

- WPI Faculty and University Staff Salary
- Personal Technology Devices
- Tuition
- Capital Improvements

Award Amounts and Number of Awards

- The number of grants and the size of grants awarded are dependent on total contributions to WIN during the WPI fiscal year July 1, 2019 through June 30, 2020. Any contributions collected in the current fiscal year that are not awarded will rollover to the next grant award cycle.
- Suggested grant amounts are between $1,000 and $50,000. While we anticipate that most grants will have a duration of 1 year or less, grants will be based upon the completion of the project/initiative not a calendar date and can be spent over a period longer than 1 year.
- If a project’s total budget is greater than the size of the WIN grant, other sources of support must be stated.
- If the total grant award is not spent, the remainder will be returned to WIN. These additional funds will be distributed in the next grant cycle.
