

2023 WPI Women's Impact Network (WIN) Grant Guidelines

WIN is a women-led philanthropic organization committed to the continuous advancement of women in STEM across WPI's local and global community.

For the FY23 Impact Grant review cycle, WIN is soliciting proposals that impact Women in STEM as well as align with WPI's Strategic Plan Lead with Purpose

Grant Applications

Eligibility/General Requirements for Applicants

WIN invites grant proposal applications for projects and initiatives from the WPI community, which meet the following, grant criteria:

- Provide pathways to advance women at WPI
- Increase the number of women in Science, Technology, Engineering, Mathematics (STEM) fields
- Create a positive difference for women in the extended WPI community
- Elevate WPI's impact and extend its reach beyond the WPI community.

Various individuals and groups at WPI are eligible to apply for WIN Impact grants, including:

- Individual undergraduate or graduate students (requires a WPI faculty or staff sponsor)
- IQP, MQP, GQP or other project teams (requires a WPI faculty or staff sponsor)
- WPI student groups (requires a WPI faculty or staff sponsor)
- WPI faculty and staff
- WPI Alumni

The projects/initiatives receiving WIN grants can be independent projects, collaborative projects working between multiple disciplines at WPI, new programs, or partial support of an existing program. With the above criteria in mind, the following types of projects, programs and initiatives are considered appropriate for WIN Impact Grants:

- Funding for Professional and Leadership programs, including:
 - Programming related to the professional development training of women faculty, staff, students
 - Guest speakers who offer dialogue on women's issues
- Funding for STEM related K-12 pipeline activities for girls
- Seed money for entrepreneurial endeavors for women resulting from undergraduate, graduate and faculty research work

Application must include a detailed budget for full and partial funding amounts and an impact statement for the partial budget.

Please note the following expenses will not be considered:

- WPI Faculty and University Staff Salary
 - Stipends: Per the Controller’s office, stipends are strictly for the reimbursement of expenses and cannot be used as compensation for employment-based services.
 - Wage expenses: Wage expenses are allowed for student workers and non-faculty/staff and should be budgeted separately from stipends and be aligned with current market/department rates for each job. Wage expenses for Faculty/Staff are discouraged. However, faculty applying for justifiable E Term wages must have confirmation that associated fringe costs will be covered by their department and not the WIN funds.
- Personal Technology Devices
- Tuition
- Capital Improvements or Expenses as defined by the WPI Property Manual. *Capital Equipment, as defined by WPI, is tangible, non-expendable, personal property having an anticipated useful life of one year or more and having a unit acquisition cost greater than or equal to \$5,000.*

A note about renewals: A recurrence of a previously funded project or event is considered a renewal. An applicant representing a previously funded project must submit a WIN Outcome Report on the previous project before being eligible for new funding.

Award Amounts and Number of Awards

- The number of grants and the size of grants awarded are dependent on total contributions to WIN during the WPI fiscal year July 1, 2022 through June 30, 2023.
- Suggested grant amounts are between \$1,000 and \$50,000. While we anticipate that most grants will have a duration of 1 year or less, grants will be based upon the completion of the project/initiative not a calendar date and can be spent over a period up to 2 years.
- If a project’s total budget is greater than the size of the WIN grant, other sources of support must be stated.
- For grants \$25,000 and above, partial funding requests of at most 50% of the full funding request should be considered.
- Stipend requests must be itemized and in line with the definition.
- If the total grant award is not spent, the remainder will be returned to WIN.

Application Process

The following is a timeline for the WIN application grant process:

Activity	Date
WIN Impact Grant Info Session	November 2, 2022 at 12pm
WIN Impact Grant Applications Open	October 24, 2022
WIN Impact Grant Info Session	November 9, 2022 at 5pm ET
WIN Impact Grant Applications Close	January 15, 2023

WIN Impact Committee completes list of finalists for Grant Awards.	March 10, 2023
Notification of Grant Award Recipients	By end of March 2023
WIN Impact Awards Celebration	TBD in D Term

- The WIN Grant Application will be posted on the WIN website early in B-term. WIN grant applications will be accepted through the Impact Grant Application portal [online](#). **The application deadline is January 15, 2023 at 5:00 PM ET.**
- All grant applications must include the name(s) and contact information for all WPI students, faculty and staff participating in the project and/or initiative.
- The WIN Impact Committee (or WPI) will provide grant proposal assistance. Please email WINImpactGrant@wpi.edu as early as possible.

Selection of Award Recipients

- The WIN Impact Committee will review the grant proposal applications and, in consultation with WIN Executive Committee and WIN donors, select the finalists by March 10, 2023.
- Applicants will be notified of application status by the end of March 2023.
- WIN Grant Announcement (either virtual or in-person) will take place in D term. All WIN Impact Grant recipients are expected to attend.

Grant Progress Tracking

- Grant awards will be monitored and administered by the WIN Impact Committee through the University Advancement liaison, who will check in on a regular basis with grant recipients to verify progress and aid with any issues.
- Award recipients must submit a WIN Project Outcome Report within 30 days of the conclusion of the project/initiative or by June 30th of the following year, whichever comes first. This report should reference how the WIN Grant influenced your project, and include successes, challenges, and a detailed comparative budget report. A WIN Outcome Report will be provided.

Expectations for Recipients

- Grant recipients may be asked to participate in various events showcasing their work
- Grant recipients may be asked to participate in video projects thanking donors and sharing work progress
- Grant recipients are expected to track and report data to show impact of project
- All grants monies will be distributed upfront to WIN grant recipients. Transfers will go to the primary awardee's Cost Center with a designee code. Designee codes, traditionally for faculty, will be set up by Finance for staff awardees only.
- All grant recipients will be required to sign a grant agreement prior to receiving their grant.
