

Combat Climate Change Using DS Techniques

Join us for the 2023 6th Annual Global Datathon Challenge!

1

Find your team

2

[Register/sign up](#) to participate

3

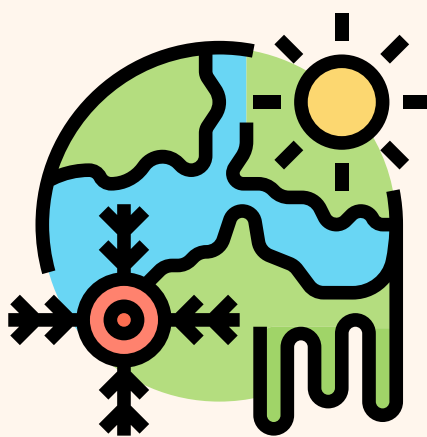

Establish your account via [Kaggle](#)

4

Review the details, timeline, and FAQ

5

Take the challenge - and have fun!

Datathon 2023 Challenge: Adapting to Climate Change by Improving Extreme Weather Forecasts

Make your plans to build a team, hone your data science skills, and join us in this year's Global (and Local) WiDS Datathon.

Opportunities to win monetary prizes in both the Global and Local competition - same competition but multiple chances to win!

Learn more about the Datathon and Kaggle Leaderboard Prizes [here!](#)
