# Questions about COAP

# FAQ: Eligibility

*Is it necessary to be in rank for 5 years before being considered for promotion?*

No. However, it is rare that an associate professor can demonstrate “considerable professional growth” (Section D.2.2) in a much shorter period.

Thus, COAP looks at both the cumulative contributions, including since appointment (for Assistant to Associate) or promotion to Associate, and a record of continuing high-quality teaching, leadership (for Associate to Full) or research (for Research Faculty).

# FAQ: Professional Associates

## *How many Professional Associates should be on my list?*

COAP will ask for 6. These must include colleagues at WPI. PA at other institutions are welcome but not required.

## *Why should I have letters from colleagues at WPI?*

Letters from colleagues at WPI help to demonstrate the candidate has met the criteria for promotion

## *Am I allowed to view the Professional Associates' letters?*

No. All letters received are confidential; the candidates should not ask associates to see the letters after they agree to write

## *Do I provide material to my Professional Associates?*

No. Faculty Governance sends a cover letter and electronic copies of the criteria and the promotion dossier to all reviewers. If the candidate wishes to make more material available, put it online, with links in the dossier, so that all peer reviewers have access

# FAQ: External Reviewers

## for Research Faculty Promotion

### *Am I allowed to view the External Reviewer List?*

No. The candidate may provide a list of people not to ask, with an explanation. The candidate should not be asked to suggest names for external reviewers

### *What will the External Reviewers see?*

Cover letter, the promotion criteria, and the candidate's promotion dossier.

### *How many External Reviewers are there?*

At least 5 letters must be received from qualified external reviewers, preference is for 6

# FAQ: External Reviewers

## for Research Faculty Promotion

### *What are External Reviewers asked to provide?*

An independent critical assessment of the candidate's contributions to, and standing in, the professional community; the quality of the scholarly artifacts; and the candidate's research strengths and weaknesses.

Does not recommend for or against promotion

Helps committee understand quality and external impact of candidate's professional contributions.

# FAQ: Dossier Scholarly Artifacts

*My main scholarly artifact is a book. Will COAP buy copies of my book for all the reviewers?*

No. The candidate is responsible for providing electronic copies of all the material for the promotion dossier. If a scholarly artifact is best presented through a hard-copy (a book or something else), then the candidate is responsible for providing a sufficient number of hard copies of the artifact for all of the peer reviewers (Professional Associates and External Reviewers) as well as several copies for the Joint Promotion Committee.

# FAQ: More

## *What if I don't get promoted?*

A letter from the Provost should provide constructive advice to the candidate so that they may address any issues and resubmit the case for promotion consideration in the future.

Usually wait 2-3 years, then you may be nominated again.

Discuss a strategy with your Department Head and department promotions committee
