GLOSSARY:

NAICS code

The North American Industry Classification System (NAICS) classifies business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. economy. NAICS is production oriented (not product oriented) and categorizes businesses with others that have similar methods of production.

Unique Entity Identifier

A Unique Entity Identifier (UEI) replaces the D-U-N-S number to uniquely identify entities with the federal government.

Small Business

Registered as small business with the federal government with information about your company in the System for Award Management (SAM) database. NAICS code is required for registration. The federal government defines a small business as business concern as one that is organized for profit; has a place of business in the U.S.; operates primarily within the U.S. or makes a significant contribution to the U.S. economy through payment of taxes or use of American products, materials or labor; is independently owned and operated; and is not dominant in its field on a national basis. The business may be a sole proprietorship, partnership, corporation or any other legal form. Size standards vary by industry using the NAICS code as a basis.

Small Disadvantaged

Small business 51% or more owned and control by one or more disadvantaged persons. The disadvantaged person or persons must be socially disadvantaged and economically disadvantaged. (See 8(a) Business Development for definitions of disadvantaged.)

8(a) Business Development

A small business majority-owned (51 percent or more) by an individual(s).

- The individual(s) must be an American citizen, by birth or naturalization.
- The business must be majority-owned (51 percent or more) and controlled/managed by socially and economically disadvantaged individual(s).
- The individual(s) controlling and managing the firm on a full-time basis must meet the SBA requirement for disadvantage, by proving both social disadvantage and economic disadvantage.
- The business must be a small business.
- The business must demonstrate potential for success.
- The principals must show good character.
- Separate eligibility requirements exist for a business that is owned by American Indians, Native Alaskans, Native Hawaiians or Certified Development Companies.

For purposes of the 8(a) Business Development program, the following individuals are presumed socially disadvantaged (called "presumed groups"):

- Black Americans
- Hispanic Americans
- Native Americans
- Asian Pacific Americans
- Subcontinent Asian American

"Economically disadvantaged individuals are socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities."

HUBZone

A small business owned and controlled at least 51% by U.S. citizens, or a Community Development Corporation, an agricultural cooperative, or an Indian tribe with its principal office located within a "Historically Underutilized Business Zone," which includes lands considered "Indian Country" and military facilities closed by the Base Realignment and Closure Act. At least 35% of its employees must reside in a HUBZone.

Women-Owned

A small business at least 51% owned and controlled by one or more women, and primarily managed by one or more women. The women must be U.S. citizens.

Service – Disabled Veteran-Owned

Management and daily business operations controlled by one or more service-disabled veterans. Service-disabled veteran means a veteran with a disability that is service-connected. Ownership by one or more service disabled veterans must be direct ownership.

Minority Owned

Minority group members are United States citizens who are Asian-Indian, Asian-Pacific, Black, Hispanic and Native American. Ownership by minority individuals means the business is at least 51% owned by such individuals or, in the case of a publicly owned business, at least 51% of the stock is owned by one or more such individuals (i.e. the management and daily operations are controlled by those minority group members.)
