Financial Aid

**PLEASE NOTE: Any reference to you/your in this document refers to current student or student applicant.**

As a student receiving funding at WPI, you are responsible for reviewing WPI's Award Conditions and Notes document to make sure you understand the renewal criteria for each of the different funds in your financial aid package. If you have any questions about the information provided in this document, please contact the WPI Office of Financial Aid.

To be eligible for merit-based scholarships and/or need based scholarship students must be enrolled as a fulltime student. To be full time a student must be enrolled in a minimum of 12 academic credits per semester. Part time students (any enrollment under 12 credits per semester) are not eligible for WPI merit or need based scholarships and some federal and state funding may also be limited.

The fund(s) offered to you is/are based on your eligibility for financial aid and our estimate of your financial need for the 2023-2024 academic year. If you are selected for verification as indicated on your Student Aid Report after FAFSA completion, this award will not be final until the Office of Financial Aid has completed the federal verification process. For more information on the verification process visit our site <https://www.wpi.edu/admissions/tuition-aid/financial-need/verification-process>.

For Need Based Grants and Scholarships, you must reapply for financial aid annually by completing a FAFSA at <https://studentaid.gov/h/apply-for-aid/fafsa> . You will be notified of application information for subsequent years by the WPI Office of Financial Aid during Term B of each year. Further information regarding renewal applications and financial aid retention policies is available in the WPI Undergraduate Catalog and on the WPI web page: <https://www.wpi.edu/academics/calendar-catalogs>.

Students who are deemed eligible for financial aid are considered for all awards administered by WPI as well as federal and/or state funds. The absence of any of the sources of aid listed in your award represents your ineligibility based on individual program parameters or budget constraints. Some federal and state scholarship and grant programs do not become available until after the academic year starts. If a student is eligible for additional scholarships/grants through federal and/or state agencies, the Office of Financial Aid will send a revised financial aid award notification.

**Need Based Grants & Scholarships:** Need based WPI, Federal and State scholarship program information is found on our [Scholarships and Grants page](#). Note, need based funds appear on the award notification **without** the designation of (merit-based) after the fund name.

**Merit Based Grants & Scholarships:** Merit based programs include the funds listed on this page <https://www.wpi.edu/admissions/tuition-aid/types-of-aid/scholarships-grants/wpi-merit>. The

WPI Undergraduate Admissions Office determines eligibility for WPI merit-based scholarship funding and notifies students if they qualify. Students with merit only funding are not required to file the FAFSA. Please refer to WPI's Financial Aid Retention Policy further down in this document for renewal criteria for both WPI Merit and Need Based Scholarship funding.

Merit Based and Need Based scholarships are available for the shorter of two periods: sixteen terms of enrollment or until the end of the billing period in which your undergraduate degree is completed. No combination of WPI scholarship (merit and need based) awards may exceed tuition.

**Global Scholarship:** For entering and transfers students in the class of 2024 and beyond (entering students for fall 2020 and beyond), Global Scholarships are a one-time up to \$5,000 scholarship, depending on the direct costs (those costs charged to the student's account) of the program. For further details about the breakdown of the scholarship please visit our website <https://www.wpi.edu/admissions/tuition-aid/types-of-aid/scholarships-grants/global>.

Students will only receive this scholarship when participating in a WPI-approved international or domestic off campus project run by the WPI Global Experience Office (GEO) as part of the Global Projects Program. For more information on approved project centers, please visit the GEO website at <https://www.wpi.edu/project-based-learning/project-based-education/global-project-program..>

The Global Scholarship will be added to your financial aid award in the year in which you are participating in a GEO run IQP experience. Once GEO informs the Office of Financial Aid of your approved participation in one of their programs and shares the associated costs of the program, the Global Scholarship will be added to your account for the semester in which you will be traveling. If the student chooses to use the Global Scholarship for a HUA or MQP GEO experience it is the student's responsibility to inform our office, otherwise the funds will be applied toward the GEO run IQP.

This Global Scholarship is awarded to off-set the direct costs to students of completing an off-campus project. If WPI is unable to offer such experiences (due to a pandemic or for other compelling reasons) this scholarship is subject to reduction and/or revocation.
