## **STEP UP: Empowering Young Women in Physics**

**Join the Movement to Ignite Passion for Physics! STEP UP is a national movement to provide high school physics teachers with resources to reduce barriers and inspire young women to major in physics. With support from WPI's Women Impact Network, the WPI Physics Department cordially invites you to a workshop on implementing powerful STEP UP lessons into your instruction! Key benefits of attendance includes:**

- Training in high-quality STEP UP curriculum
- Connecting with like-minded educators
- \$250 stipend and PDPs upon request
- Lab tours
- Free lunch
