STEM Educator Certificate Course

- **Target Audience:** PK-12 educators and administrators
- **Format:** Fully online via Zoom (interactive & engaging)
- **Dates:** Mon. July 8 – Sun. July 21, 2024
- **Times:** 9 am – 3:30 pm weekdays with final project due Sun. 7/21
- **Registration Fees (2 options):**
  - Graduate Credit = $1515 (includes a $15 student fee)
  - PDPs/CEUs only = $1120 (Note: Limited Scholarships available; 50% discount for Worcester Public School educators)
- **PDPs/CEUs:** 55/5.5
- **Graduate Credit extension:** This course may be taken as a 3-graduate credit course from WPI. As part of WPI’s commitment to supporting full time PK-12 educators, the course is offered at a rate of $500 per credit (total of $1,500), which represents a 50% discount of the regular WPI tuition rate.

**Description:** The STEM Educator Certificate Course guides educators on a journey to design a high quality integrated STEM Challenge that aligns with standards/objectives for their classroom or program. The course engages participants in the following topics: the engineering design process, standard-alignment, technology integration, diversity & equity in STEM, real world connection, building collaboration skills, as well as exploring numerous STEM resources. The course is led by experienced STEM educators who model cooperative learning and STEM pedagogy.

If you are a PK-12 educator looking to develop/update an integrated STEM lesson or looking to help others do so, this is the course for you! Classroom teachers of all subject areas, coaches, administrators and out of school time educators are all encouraged to register.

**Graduate-credit requirement:** In addition to the PDP level tasks, educators who sign up for the 3 graduate-credit extension will conduct a critical review of relevant research in STEM Education. (literature and guidance will be offered by the instructors).
