New Business

1. A petition to Readmit a student after Suspension was denied.
2. A motion to add CH 3520, Fundamentals of Applying Mathematical methods in Chemistry and Biochemistry (previously offered as CH352X), was conditionally approved pending additional information for the consent agenda.
3. A motion to "cross-list" CH 542, Drugs in the Brain, as an undergraduate course was denied for procedural reasons: courses cannot be cross-listed grad/undergrad -- they must be created as separate courses and then "co-located".

5. A motion to change the name and description of TH 3300 to Special Topics in Performance Studies (from Special Topics in Theatre Studies) was conditionally approved, pending minor edits.
6. A motion to create an experimental course, RBE 200X, Embedded Systems for Robotics, was conditionally approved, pending update of double-counting rules and requirements.
7. A motion to update the name and description of RBE 2001 to Unified Robotics I: Mechanical Applications in Robotics (from RBE 2001: Unified Robotics I: Actuation) was conditionally approved, pending updates of recommended backgrounds.
8. A motion to update the name and description of RBE 2002 to Unified Robotics II: Sensing and Perception in Robotics (from RBE 2002: Unified Robotics II: Sensing) was approved, pending updates to the recommended backgrounds.

Respectfully submitted,
