

Come to the U-RISE Undergraduate Research Showcase!

Are you a first-year student interested in biomedical research (*and getting paid*)?

- **Hear** Professor Inimary Toby present *Student Sparks: Igniting Breakthroughs in Computational Biomedical Research*
- **Listen** to what undergraduate research can do for you
- **Discover** current research through a Poster Session with current U-RISE Trainees and other undergraduate students
- **Gain** information about U-RISE (*Benefits, Expectations, Application process*)
- **Learn** about Financial availability

Want to be paid to do summer and academic year research?

Want more 1:1 hands-on experiences to build skills?

U-RISE@WTT

**All first-year majors welcome with an interest in biomedical research. This program is being funded by the National Institutes of Health (NIH) to engage students from historically marginalized groups. If you need accommodations or have questions about this event contact gr-URISE@wpi.edu so they may assist you*

Interested in medicine, biotech, biology, med devices, robotic surgery, AI-analysis...?

Professor Inimary Toby
University of Dallas

Will be speaking about how she involves undergraduates in her biomedical research and will host a Q&A after her talk.
