WPI Safety Transportation Program

WPI SHS encourages students to use WPI's Safety Transportation Program shuttles for transportation at night and on weekends. These vans are operated by Valet Park America (VPA) and are clearly marked passenger vans. When boarding, riders must present their WPI ID. The shuttle will take students to any location that is within 1 mile from the 100 Institute Road, Worcester address.

Scan the QR code to see the most up to date information about the Safety Transportation Program and the hours of operation.

Students can request a ride on the shuttle using the free TripShot app (QR code below). The app is available during the academic year and allows users to enter their location, select a destination, and request a ride. The app also provides real-time updates on the shuttles estimated arrival time.

Walking distances calculated with Google Maps from the WPI Quad 100 Institute Road, Worcester address.
