

Schedule of Tutors who specialize in each Course

Hours	Monday	Tuesday	Wednesday	Thursday	Friday
10:00 - 11:00					Calculus 1, 2, 3 & 4, Matrices & Linear Algebra 1, Discrete Math, Principles of Real Analysis 1, Ordinary Diff. Equations, Linear Programming, Boundary Value Problems
11:00-12:00	Calculus 1, 2,3 & 4, Matrices & Linear Algebra 1, Probability for Applications, Applied Statistics, Probability Theory, Discrete Math, Principles of Real Analysis 1	Calculus 1, 2, 3 & 4, Ordinary Diff. Equations	Calculus 1, Matrices & Linear Algebra 1, Applied Statistics 1, Probability for Applications, Probability Theory	Calculus 1, 2 & 3, Applied Statistics 1, Probability for Applications	Calculus 1, 2, 3 & 4, Matrices & Linear Algebra 1, Applied Stats 1, Probability for Applications, Probability Theory, Discrete Math, Principles of Real Analysis 1, Statistical Methods in Genetics & Bioinformatics
12:00-1:00	Calculus 1, 2, 3 & 4, Matrices & Linear Algebra 1, Probability for Applications, Applied Statistics, Probability Theory, Discrete Math, Principles of Real Analysis 1 Linear Programming	Calculus 1, 2, 3 & 4, Ordinary Diff. Equations	Calculus 2, 3 & 4, Ordinary Diff. Equations, Applied Statistics 1, Probability for Applications, Probability Theory	Calculus 1, 2 & 3, Matrices & Linear Algebra 1, Applied Statistics 1, Probability for Applications	Calculus 1, 2, 3 & 4
1:00 - 2:00	Calculus 1, 2, 3 & 4, Ordinary Diff. Equations, Matrices & Linear Algebra 1, Principles of Real Analysis 1	Calculus 1, 2, 3 & 4, Ordinary Diff. Equations, Matrices & Linear Algebra 1, Principles of Real Analysis 1	Calculus 1, 2, 3 & 4, Ordinary Diff. Equations, Matrices & Linear Algebra 1, Discrete Math, Principles of Real Analysis 1, Applied Statistics 1, Probability for Applications, Probability Theory	Calculus 1, 2, 3 & 4 Applied Stats 1, Probability for Applications, Statistical Methods in Genetics & Bioinformatics, Ordinary Diff. Equations, Matrices & Linear Algebra 1	Calculus 1, 2 & 3, Matrices and Linear Algebra 1, Linear Programming
2:00 - 3:00	Calculus 1, 2, 3 & 4, Applied Statistics, Probability for Applications	Calculus 1, 2, 3 & 4, Probability for Applications, Ordinary Diff. Equations, Principles of Real Analysis 1, Matrices & Linear Algebra 1, Linear Programming, Boundary Value Problems	Calculus 1, 2, 3 & 4, Matrices & Linear Algebra 1, Principles of Real Analysis 1, Ordinary Diff. Equations, Discrete Math	Calculus 1, 2, 3 & 4, Applied Stats, Probability for Applications, Statistical Methods in Genetics & Bioinformatics, Ordinary Diff. Equations, Principles of Real Analysis 1, Matrices & Linear Algebra 1, Linear Programming, Boundary Value Problems	<p style="text-align: center;">Hours Monday – Thursday 11am-5pm Friday 10am-2pm</p> <p style="text-align: center;">Location Stratton Hall 206</p> <p style="text-align: center;">Questions? Email ma-admins@wpi.edu or visit www.wpi.edu/+mtc</p>
3:00 - 4:00	Calculus 1, 2, 3 & 4 Ordinary Diff. Equations, Probability for Applications, Applied Statistics, Probability Theory	Calculus 1, 2, 3 & 4 Ordinary Diff. Equations, Matrices & Linear Algebra 1	Calculus 1, 2 & 3 Applied Statistics 1, Probability for Applications, Probability Theory	Calculus 1, 2, 3 & 4 Applied Stats 1 Ordinary Diff. Equations Matrices & Linear Algebra 1 Linear Programming Probability Theory	
4:00 - 5:00	Calculus 1, 2, 3, Probability for Applications, Probability Theory, Applied Statistics, Matrices & Linear Algebra 1	Calculus 1, 2, 3 & 4, Matrices and Linear Algebra 1, Probability for Applications, Applied Statistics, Probability Theory	Calculus 1, 2, 3 & 4, Matrices & Linear Algebra 1, Applied Statistics 1, Probability for Applications, Probability Theory	Calculus 1, 2, 3 & 4, Ordinary Diff. Equations, Matrices and Linear Algebra 1
