Deep in Taiwan's misty mountains, ancient glacial-era salamanders have endured for over a billion years, witnessing the rise and fall of species. This documentary, filmed over 17 years, follows dedicated researchers as they navigate the island's rugged wilderness to study and protect these rare creatures. Through breathtaking visuals and heartfelt storytelling, the film honors generations of conservationists and celebrates the resilience of life on Earth. With a runtime of 105 minutes, it features English subtitles.

Taiwanese snacks will be provided. The first 30 attendees will receive a complimentary drink, courtesy of Gong Cha Worcester. Scan the RSVP QR code for the free event. Parking info included.
