2025-2026 Independent Verification Worksheet

Please submit by **August 1, 2025**

Your 2025-2026 Free Application for Federal Student Aid (FAFSA) was selected by the federal processor for review in a process called verification. The law says that before providing federal student aid, we must ask you to confirm the information you and your spouse, if applicable, reported on your FAFSA. To verify the information you provided, please complete the questions below and include your signature. Email, mail, drop off, or fax the form to the Office of Financial Aid within 4 weeks of your receipt of this letter. Failure to respond will result in our inability to disburse federal aid. If corrections need to be made to your FAFSA, the Office of Financial Aid will submit the changes on your behalf and will notify you of any changes by mail or email.

 - They live with student (or live apart because of college enrollment);

 - They will continue to receive more than half of their support from the student during the 2025-2026 academic year.

The provided criteria for “dependent children” or “other persons” align with the requirement that family size align with whom the student could claim as a dependent on a U.S. tax return if the student were to file a U.S. tax return at the time of completing the 2025-2026 FAFSA. As a result, the student should not include any unborn children in the family size.

If more space is needed, please provide a separate page with the student's name and ID number at the top.

Student Income Information

Students and their spouses, if applicable, who **filed** or **will file** a 2023 IRS income tax return were required to consent and approve the sharing of tax information from the IRS to the FAFSA form. In most cases, no further documentation is needed to verify 2023 income information that was transferred into the student's FAFSA directly from the IRS.

Please contact the Office of Financial Aid if the student and spouse filed separate tax returns for 2023 or had a change in marital status after December 31, 2023.

If 2023 income tax return information for the student and their spouse was not available or could not be used, the student and spouse should provide the institution with a 2023 IRS Tax Return Transcript(s) or a signed copy of the 2023 1040 income tax return with schedules 1 and 3 (if applicable).

Please select all that apply:
