Mass Academy Summer Scholarship Opportunity

Summer at WPI

Summer is the perfect time to explore your passion for STEM at WPI!

Frontiers, a two-week residential program, has been inspiring students for over 40 years. Designed for those eager to explore STEM through a collegiate lens, the program brings together peers from around the globe to delve into a STEM discipline, engage in Humanities and Arts (HUA) classes, college preparation workshops, and enjoy fun evening activities, creating a well-rounded and enriching experience.

Program Dates:

Session I: July 5–17, 2026

Session II: July 19–31, 2026

Applications Open: January 8, 2026

Deadline to Apply: **March 15, 2026** to be eligible for scholarship consideration.

Applicants MUST:

- Under Additional Information: "If you are applying through a college access program" **choose Mass Academy Scholar** from the drop down menu to indicate you are applying for this scholarship.
- **COMPLETE Tuition Assistance portion of application.**

**Frontiers is an application-based program and transcripts are required.*

Mass Academy Scholarship

Mass Academy of Math and Science at WPI is offering a limited number of scholarships to WPI's Frontiers program in 2026.

Priority will be given to rising 10th grade students from the following Massachusetts cities and towns: **Ashby, Chicopee, Dunstable, Fitchburg, Groton, Holyoke, Leominster, Lowell, Lunenburg, Pepperell, Springfield, and Townsend.**

**Scholarship covers the cost of the program, including housing, meals and included activities. Travel to and from WPI is at the participant's expense.*
