

Advanced, 1-Day, Hands-On Course on Laparoscopic Liver Surgery & Ablation

April 30, 2026

PracticePoint Training Center
Worcester, MA

ABOUT THE CONFERENCE

Stay Ahead in Tumor Ablation—In One Day

New ablation technologies are transforming surgical tumor destruction. This 1-day, hands-on course delivers the procedural detail and lab experience needed to confidently adopt these techniques.

- Learn & work with the newest devices and algorithm updates
- Needle placement and procedural strategy
- **Hands-on lab for real-time skill mastery**

Return ready to implement modern ablation in your practice.

TARGET AUDIENCE

General surgeons, surgical oncologists, HPB surgeons, liver transplant surgeons, fellows in training.

LEARNING OBJECTIVES

Upon completion of this activity, the participants will be able to:

- Understand the differences between different ablation technologies
- Acquire radiofrequency ablation, microwave ablation, IRE and histotripsy basic skills
- Understand detailed surgical steps of **laparoscopic liver resection and tumor ablation**

AGENDA

- 7:00 AM - Registration and Breakfast (provided)
- 8:30 AM - Ultrasound: Laparoscopic and Open
- 9:00 AM - Liver Ablation: Laparoscopic and Open
- 9:30 AM - Robotic Liver Resection
- 10:00 AM - Coffee break
- 10:30 AM - Laparoscopic Liver Resection
- 11:00 AM - New Technologies (Histotripsy) & Modified Liver Ablation Procedure
- 11:30 AM - Vendor session
- 12:00 PM - Lunch (provided)
- 1:00 PM - Hands on Lab: All Ablation Technologies, Calf Liver Setup

Vendor exhibit hours: 7:00 AM-12:00 PM
