Dates are subject to change.

The faculty may have synchronous sessions throughout the semester as well. Generally these are not mandatory to attend live and are recorded for those who can't attend.

¹Single-track students will take these core courses alongside double-track students and will then join the next appropriate cohort for the courses they haven't yet taken.

*Students may take any WPI elective if the student has met any course prerequisites.

Full-time students (9 credits or more), will be enrolled in the pairing of courses as well as an **on-campus** core or elective course. Please see advisor for guidance.
