Purchasing Policy

I. Policy Statement

In response to the COVID-19 pandemic and subsequent financial pressures, this policy seeks to eliminate non-essential spending by enhancing the existing Business Expense Policy and Guidelines and Travel Policy and Guidelines for WPI-funded purchases. To the extent there is a conflict between the guidelines and this policy, this policy will control. This policy is effective immediately but will be periodically reevaluated.

II. Scope

This policy applies to all student, faculty and staff purchases using WPI Funds.

III. Definitions

“WPI Funds” means, for the purpose of this policy, funds provided through WPI’s operating budget. WPI Funds do not include (a) designated funds (i.e., professional development funds), (b) grants, or (c) gifts. The use of designated, grant, or gift funds are dictated by their controlling policies and/or agreements.

IV. Policy

A. Essential Purchases

All purchases must be essential. Please consult Appendix A for guidance on determining whether a purchase may be essential.

B. Approvals and Purchasing Limits

Purchases under $1,000.00 do not require pre-approval.

Purchases $1,000 or more require advance approval in the form of a Workday spend authorization or supplier invoice request.

All purchases must be processed in Workday within thirty (30) days of incurring the expense.

Any expenditure that does not follow this policy will be rejected. The purchaser may appeal the rejection, as set forth in Section D.

Requests to temporarily increase purchasing limits on PCards should be sent to pcardmin@wpi.edu. Requests should come from the Cost Center Manager, including justification for classifying the purchase as essential.
C. Specific Purchases

1. Personal Protective Equipment (PPE) & Related Supplies

Cleaning stations with supplies are located in each building and will be stocked by the Facilities Department. Departments that wish to purchase additional supplies should consult with the Procurement department to identify verified vendors, appropriate materials and allocate limited resources across the campus (regardless of funding source). Requests for PPE and related supplies should be sent to: Procurement Services at eproc@wpi.edu.

Consistent with the Research Lab Reopening Guidance, each lab is encouraged to purchase PPE sufficient to carry out their research-related activities. Please contact your department head or EHS regarding the purchase of PPE, as it is in limited supply.

Campus Police should continue to purchase their PPE through their current purchasing processes.

2. Computer Equipment

For purchases of computer equipment, including computers, computer accessories, tablets, or other hardware/software, contact the WPI Information Technology Services (ITS) department. Email requests to its@wpi.edu and include the following: 1) a full description of item needed, part number(s) and rationale; 2) specify whether the computer equipment need is due to COVID-19; and 3) indicate the cost center to be charged.

3. Non-IT Equipment

All non-IT equipment purchases require a purchase requisition prior to purchase.

Purchases over $10,000 must conform to WPI’s existing Bids & Quotations Process (i.e., three (3) competitive bids or sole source justification) and must be initiated by creating a Workday purchase requisition.

4. Travel

All WPI-sponsored domestic and international travel is canceled until future notice. For current travel restrictions, please refer to wpi.edu/news/coronavirus/faqs#travel.

D. Appeals

To appeal the denial of a purchase, please submit an appeal form using the link here. An example of the appeal form is attached as Appendix B.
E. Questions

For questions about this policy, please contact Olga Klochkova, Director of Financial Planning and Analysis at oklochkova@wpi.edu.

Policy Sponsor: Chief Financial Officer
Responsible Department: Finance
Effective Date of Original Interim Policy (i.e., date of Presidential Approval): April 15, 2020
Effective Date of Revised Interim Policy (i.e., date of Presidential Approval): September 9, 2020
Comment Period: September 10 – October 10, 2020
Effective Date of this Policy (i.e. date of Presidential Approval): October 28, 2020
Appendix A
Guidance on “Essential” Spending

To assist those making purchasing decisions while these guidelines are in effect, please consider these questions:

**Most likely essential:**
1. Is this critical to continuing a program?
2. Is this a regulatory, compliance or safety issue?
3. Is this a major program disruption?
4. Is this for an online/on campus academic program?

**Maybe essential:**
1. Is this a minor program disruption?

**Not essential:**
1. Can this expense be delayed?
2. Is there a lower cost or no-cost alternative?
3. Can arrangements be made to get the item on campus?

The following are examples of what would – and would not – qualify as “essential” operating expenses and what action you should take:

<table>
<thead>
<tr>
<th>Example Expense</th>
<th>Essential (Yes/No/Maybe)</th>
<th>Action</th>
</tr>

REIMBURSEMENT/PAYMENT APPEAL FORM

Use this form to appeal a transaction that was denied reimbursement or payment under the WPI Purchasing Policies. Appeals must be submitted within 30 days of the notification that a transaction will not be reimbursed. Appeals will be reviewed monthly. You will receive an email notification of the appeal decision from the finance office.

1. EMPLOYEE INFORMATION

You may be contacted for further questions or clarifications.

Name: __________________________________________ Department/Division: ________________
Phone: _________________________________ Email: ________________________________

2. TRANSACTION INFORMATION

Compose a detailed written justification of your request for an exception to WPI Purchasing Policies in the space below.

Amount: $_________________ Supplier Name:____________________________________________________
Workday Document Number (Expense Report or Invoice Request): _________________________________
Spend Authorization Number: __________________________________________________________________
Date of purchase: __________________________ Date of submission: _____________________________
Detailed explanation of the charge: __________________________________________________________________
Reason transaction was not reimbursed:
__________________________________________________________________________________________
__________________________________________________________________________________________
Reason for appeal:
__________________________________________________________________________________________
__________________________________________________________________________________________
__________________________________________________________________________________________

3. SIGN

Employee Signature: ________________________________

Once electronically signed by an employee, this form will automatically be forwarded to a supervisor and a cost center manager via DocuSign for an electronic signature, and then forwarded to the finance office.

Supervisor:
