**PDPs/CEUs**: 6/0.6 per day

**Description**: This day of STEM & STEAM (science, technology, engineering, arts, and math) projects offers participants the opportunity to engage with two different design challenges aligned to grade level standards. First, participants are introduced to the framework of STEM and STEAM and then continue with two integrated STEM projects. Following each project educators will work in grade-level teams to modify the challenges to best fit their students' level of understanding.

**Registration is NOW OPEN!**
