

UNDERGRADUATE OUTCOMES ASSESSMENT COMMITTEE (UOAC)
WORCESTER POLYTECHNIC INSTITUTE
Minutes of meeting #2, September 8, 2017

Present: J. deWinter (chair), D. Samson (secretary), R. Malick, C. Demetry, A. Donta-Venman.

1. Meeting was called to order at 3:05 pm.
2. The committee accepted the minutes of the September 1 meeting, with corrections.
3. J. deWinter reported on her endeavors to secure UOAC members from CAP and Student Government.
4. The committee discussed a draft of the annual report for the 2016-17 academic year.
5. A. Donta-Venman led discussion of WPI's Undergraduate Learning Outcomes as presently formulated. The committee will consider proposing the revision of at least one of them, #8, in light of GMCLOT's ongoing work on measuring students' global and cultural competence, which GMCLOT will report to the faculty by the end of A term 2017. Outcomes #5, 8 and 9 seemed to the committee members to be unclear on distinguishing cultural sensitivities as a goal from determining the situational ethics of professional decisions. The committee will revisit the outcomes at future meetings.
6. The committee adjourned at 3:50 pm.

Respectfully submitted,

D Samson, secretary
