

WPI

Enterprise Transformation Project

Road Show

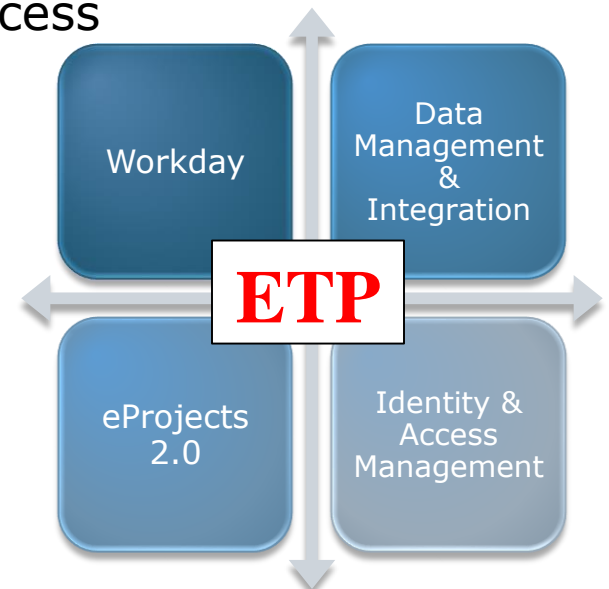

ETP – What is it?

Why are we doing it?

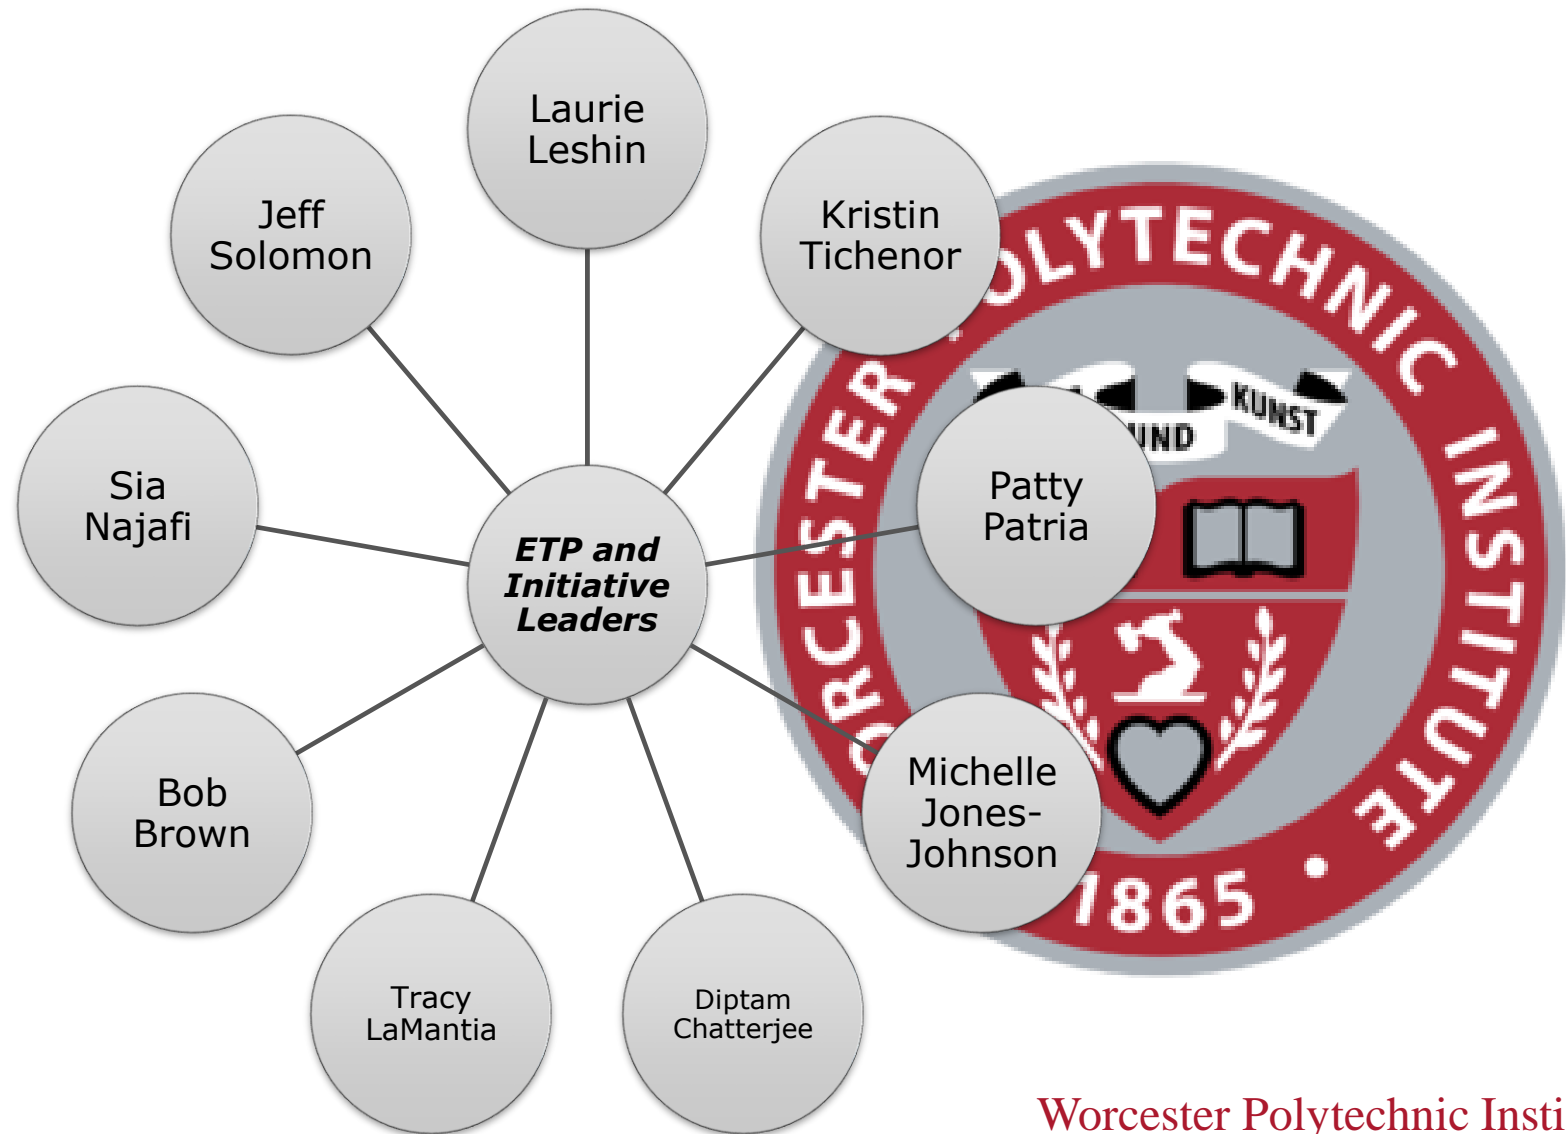

Enterprise Transformation is WPI's multi-year and multi-department transition to better processes, systems, and structures. The changes will bring improvements that will be easily seen and used:

- Improved management of financial management and HR information
- Better-access and management of e-projects and other student information
- Universal standards for our data and access

When the Enterprise Transformation Project is complete, it will touch every person on this campus

Benefits

When Will We Move To workday®?

Banner Student will continue to be supported and used during the transition period

What Is New?

For October, 2018

- Workday Finance and HR
- Tracking and approving hours worked
- Workflow processes
- Travel and expense processes
- A mobile app
- Grant post-award financial processes
- BoA Works system eliminated; clear Pcard transactions in Workday
- PO's and invoicing processes
- Completing open enrollment (benefits)

There will be more changes - as they are identified we will track them and communicate to those who are impacted by them.

To Wrap Up

*What can
you expect
from me?*

- Communication and updates
- Training as we approach our Go Live dates
- Our support in the transition
- Systems that bring WPI up several levels!

*What do I
need from
you?*

- Your support and patience as we (HR, FIN, Student Services) go through this major transformation
- Your questions, comments, and feedback
