To the Parent(s) of First Year WPI Students,

As part of an earlier mailing, we included links to several private loans on our website at [http://www.wpi.edu/offices/fa/private-loans.html](http://www.wpi.edu/offices/fa/private-loans.html) to help you manage the cost of education at WPI. If an education loan will be part of your financing strategy, you are welcome to borrow from the lender of your choice. Education loans are typically borrowed for a single academic year at a time. Be advised that WPI’s Bursar’s Office will send fall eBills to students’ WPI email addresses in early July with an early August payment deadline. If you are interested specifically in the federal Direct PLUS Loan as a financing option, step-by-step instructions are included on the reverse of this letter outlining how a parent would apply for this parent loan online.

**PLUS Loan Details**
The Direct PLUS Loan Program is a government loan with a fixed 6.31% interest rate for the 2016-17 academic year accruing immediately that allows U.S. citizens and eligible noncitizens who are biological or adoptive parents or stepparents in the custodial unit on the FAFSA to borrow funds for the educational expenses of their dependent undergraduate children. A loan origination fee of 4.272% is deducted proportionately from each loan disbursement. The Program is administered by the WPI Office of Student Aid & Financial Literacy which works with the U.S. Department of Education to offer this loan. Full details are available from the U.S. Department of Education at [https://studentaid.ed.gov/sa/types/loans/plus](https://studentaid.ed.gov/sa/types/loans/plus).

**PLUS Loan Application**
The application for the Federal PLUS Loan assumes that you have already filed a 2016-17 Free Application for Federal Student Aid (FAFSA) for the student at [http://fafsa.gov](http://fafsa.gov). Parents may borrow a maximum of the cost of education less any other financial aid for the academic year. To qualify for the PLUS Loan, you must not have an adverse credit history. When completing the PLUS application at [www.studentloans.gov](http://www.studentloans.gov), first, you will provide the school and loan information. Second, you will enter your information as the borrower. Third, you will review the details of your entries. Last, you will consent to a credit check and then submit the request. Please contact our office for your options if you are denied a PLUS Loan.

**PLUS Loan Master Promissory Note (MPN)**
All parents who borrow the PLUS Loan are required to complete and sign an electronic PLUS Loan Master Promissory Note (MPN). The MPN is a legal document explaining the terms and conditions of your loan whereby you promise to repay it and any accrued interest and fees to the Department of Education. Be sure to print a copy of the MPN. A parent will only be required to sign the promissory note once for each dependent student, as long as that same parent continues to borrow the PLUS Loan and there is no endorser on the loan.

**PLUS Repayment Options**
The Department of Education offers some repayment options for borrowers, which can range from interest rate reductions for automated payments to deferment and forbearance. Generally, you will have 10 to 25 years to repay the PLUS Loan. For more information on these features, please visit [https://studentaid.ed.gov/sa/repay-loans/understand/plans](https://studentaid.ed.gov/sa/repay-loans/understand/plans).

Shortly after the PLUS Loan is approved and you have signed the Master Promissory Note, the student’s WPI account will reflect the PLUS Loan amount less its 4.272% origination fee. We hope you will find this information useful. If you have any questions regarding this information, please do not hesitate to contact our office at (508) 831-5469.
