

AweSTEM! 2014

WPI

APPLIED AND INDUSTRIAL MATHEMATICS INSTITUTE FOR SECONDARY TEACHING

4-DAY WORKSHOP

JULY 14-17, 2014

Have you ever been asked:

What is this math good for?

When will I ever use this stuff?

In this workshop, you will learn

- how the mathematics that you teach is used by STEM professionals,
- what are the career paths open to students well-trained in mathematics
- how the math that you teach forms the foundation for college success.

To apply and to obtain more details go to <http://www.wpi.edu/+CIMS/MIST>

Sponsored by the Toyota-RIT Applied Math Initiative
Center for Industrial Mathematics and Statistics
