

**EVERYONE  
SOLVES THE  
PROBLEM**

**READER**  
Help your team read the problem carefully. You may need to take turns reading it more than once.

**IDENTIFIER  
(Understand)**  
Help your team to understand what the problem is asking. Help your teammates circle or underline key phrases or words.

**PLANNER**  
Work with your team to make a plan to solve the problem. Think about what strategies will help you? What operation will we use?

**CHECKER**  
Check your work. Use inverse operations. Did you all get the same answer? Work with your team to see if your solution makes sense.
