WPI complies with Massachusetts law 105 CMR 220.000, which requires that all students complete the immunizations listed before entering college.

In the event of a communicable disease outbreak, students who are not adequately immunized or are without laboratory evidence of immunity may be excluded from school. This policy refers to all students with medical, or religious exemptions. Immunization compliance deadline is September 30th for the Fall term, and January 30th for the Spring term.

Undergraduate Students

Required:

Tdap vaccine (Tetanus, diphtheria, and pertussis)
Two doses of MMR* (Measles, Mumps, Rubella) given at least 4 weeks apart, at or after 12 months of age.
