

**COMMITTEE ON ACADEMIC POLICY,
Minutes of Meeting #8 on November 3, 2017**

Present: M. Humi (Chair), A. Heinricher, D. Olinger, N. Rahbar, M. Chudy, M. Liberacki
Guest: C. Love

The meeting was called to order at 12:00 noon by Chair Humi.
Minutes of CAP Meeting #7 on October 21 were approved after revision.

Online Student Course Reports:

Following up on our discussion at the October 27th CAP meeting on issues related to fully online student evaluations, CAP decided not to send recommendations to the Task Force for Improvement of Student Course Reports. CAP members can instead express their viewpoints to the task force as individual faculty members.

CGSR Sub-Committee on Role of Graduate Students in Undergraduate Teaching:

Chair Humi, the CAP rep on this sub-committee, asked for input to take to the sub-committee as it begins its work. CAP has discussed this issue in past years. Overall, committee members feel that advanced graduate students who are appropriately mentored by faculty should be allowed to teach undergraduate classes, on a strictly limited basis.

The meeting was adjourned at 12:55 pm by Chair Humi.

Respectfully submitted,
David Olinger, CAP Secretary
