Check-in Checklist:

- **Share feedback with your professors.** Is there something about your course you really appreciate? Is there something you're struggling with or still confused by? Take time this week to respectfully share this with your professor. Don't assume nothing can be done.

- **Pause to self-evaluate.** What is going well for you and what can you adjust to help things feel less stressful? Fight the stress of midterms with your schedule, Be Well Together 3.0, and the Mindfulness and Destress Guide.

- **Start planning your fall schedule now.** What is being offered that you need to take? Is there something you want to take in summer to be ready for fall? Registration for fall happens in Workday and summer in BannerWeb.
  - Don't forget that summer courses and projects are 50% off.

- **Learn how to express the value of your technical and project work on Wednesday, April 21 from 4-5pm EDT** with WPI Mentor-in-Residence, Claire Leurent. Learn more and attend I&E’s Chat to Connect.

- **Study virtually with others from anywhere in the world** in StudySMART!

- **Use your resources** including office hours, TAs/PLAs, Be Well Together, MASH, Tutoring, the Writing Center, coaching by Academic Advising, the SDCC, Office of Accessibility Services, and more.

- **Check out what happened** in April's Open Space. Save the afternoon of 5/5 for the next gathering to have your voice heard.
