TEXTBOOKS:

- Introduction to Probability (-GNU Free Document License (FDL)) by Charles M.Grinstead and J.Laurie Snell, 2nd Ed. (2006)

http://www.math.dartmouth.edu/~prob/prob/prob.pdf
ABSTRACT:
- Chapters 1, 2, 3, 5, 6 of Elementary Probability for Applications will be covered (some sections may not be covered).
- Basic probability theory: set algebra, marginal probability, conditional and total probability, Bayes’ Rule, independence, and counting.
- Discrete random variables (Binomial, Geometric, and Poisson). Probability mass functions and moments (expectation and variance).
- Continuous random variables (Normal, uniform, exponential). Probability density functions and cumulative distribution functions. Derived and multivariate distributions.
- Limit theorems: Chebyshev’s inequality, law of large numbers, and central limit theorem.

COURSE WEBSITE: https://canvas.wpi.edu/

The website is the main platform through which this course will be managed. It contains the syllabus (this document), and lecture notes, announcements, and other course materials. You are responsible for knowing the information in the materials that appear there.

HOMEWORKS:

There will be a homework assignment every week for your benefit and practice - they can also serve as a test of your level of materials being covered in class. Homework will help you to
- Gain a solid understanding of the course material.
- Be creative and think beyond the course material.
- Do better in the exams.

You can informally discuss some problems with your classmates, but the final work should be based on your own effort. Please feel free to see me if you have any question. All the HW submissions are online through Canvas.

QUIZZES:

Five ten minutes’ quizzes will be held on Mondays. One single-sided handwritten sheet is allowed for each quiz. No electronics are allowed during the quizzes except for a simple calculator.

EXAMS:

There will be 2 exams based on the material covered until the latest lecture before each. One double-sided handwritten sheet is allowed for each exam. No electronics are allowed during the exams except for a simple calculator. Calculator apps on a smartphone, tablet, kindle, etc are not allowed. Sample exams will be posted online. No makeup exam will be given unless a student notify me with a legitimate excuse by writing prior to the exam. Makeup exam may be harder than the original exam.

Make sure you do not select classes with conflicting exam dates.
GRADING CRITERIA:

- HWs      (10%)
- Quizzes  (25%)
- Test-1   (30%)
- Test-2   (35%)

GRADING SCALE:

- A: 90-100
- B: 80-89
- C: 70-79
- NR: below 70.

STUDENTS WITH APPROVED ACADEMIC ACCOMMODATIONS:

Students with approved academic accommodations should plan to submit their accommodation letters through the Office of Accessibility Services Student Portal. Should you have any questions about how accommodations can be implemented in this particular course, please contact me as soon as possible. Students who are not currently registered with the Office of Accessibility Services (OAS) but who would like to find out more information regarding requesting accommodations and what that entails should plan to contact them via email: AccessibilityServices@wpi.edu and/or via phone: (508) 831-4908. Please also contact me as early as possible in the term so I can address your specific needs.

ACADEMIC HONESTY:

The academic honesty policy can be accessed at: http://www.wpi.edu/Pubs/Policies/Honesty/Students/
