## **GRIE Poster Judging Guidelines**

Presenter name/Poster #

Category/Level

Instructions: To evaluate the poster, *circle* the number that best describes the degree to which each item fits the poster. *The scoring system ranges from 1 (Needs substantial improvement) to 5 (Mastery - <u>only a very few students!</u>). If you rate an item "2" or less, please try to provide rationale for your observation and include suggestions on ways to improve in that category. Finally, please provide an overall summary statement highlighting the strengths and limitations of each poster you judge. NOTE: <i>Please do not change the scoring system, just circle your category score! Use only whole numbers when scoring.*
