

2021-2022 Course Offerings for Planning Purposes

The chart below displays course offerings received by the Registrar's Office as of 2/25/2021. Individual section offerings with days/times for Fall 2021 will be published in Workday by the end of March in advance of registration in late April (see [website](#) for details, information will be updated as it becomes available). Spring 2022 offerings with days/times will be published at a later date, likely in the summer, and Spring 2022 registration will occur in the fall.

Note: This schedule is not finalized and is subject to change. Some offerings were not received at the time of this publication (some online CS, DS, MA graduate level courses, all Physics graduate courses and Physics undergraduate courses for Spring 2022). Finalized offerings will be available in Workday.

Courses are listed alphabetically by subject.
